- 32. Enter Iowa net income plus Iowa adjustments and preferences. If zero or less enter zero. See instructions. 32. _____
- 33. Total net income plus total adjustments and preferences. If zero or less enter zero. See instructions 33. _____
- 34. Divide line 32 by line 33 and enter the result to three decimal places. If greater than one, enter one. See instructions 34. _____
- 35. Iowa Alternative Minimum Tax. Multiply line 31 by line 34. Enter here and on IA 1041, line 25. See instructions 35. _____

Instructions for 2018 IA 1041 Schedule I - Iowa Alternative Minimum Tax - Estates and Trusts

Who Must File IA 1041 Schedule I?

Beginning with tax year 2016, all estates and trusts that had one or more of the adjustments or preferences in Part I must complete form IA 1041 Schedule I to see if they owe Iowa Alternative Minimum Tax (AMT). Taxpayers may have an Iowa AMT liability even if they owed no federal AMT. Nonresidents who have a liability for Iowa AMT are required to file an Iowa return even if they have no regular Iowa income tax liability.

NOTE: The Iowa AMT Credit is available that may reduce the regular tax of an estate or trust for Iowa AMT paid in a prior year. See instructions for form IA 8801.

Part I - Iowa Adjustments and Preferences

Part I of the IA 1041 Schedule I corresponds to Part I of federal Form 1041 Schedule I except as noted.

Line 1 and Lines 5 through 18: See the corresponding lines on federal Form 1041 Schedule I for additional guidance.

Line 10: If the amount of your Iowa depreciation deduction for this year was different from the amount of your federal depreciation deduction, you may need to recalculate the amounts shown on the federal form 1041 Schedule I line 14 to adjust for the Iowa amount. Recalculate this amount by using the Iowa depreciation deduction amounts shown on this year's IA 4562A, and following the federal AMT adjustment instructions for the "Depreciation on assets placed in service after 1986" line of federal form 1041 Schedule I.

Line 18: If the amount of your Iowa depreciation deduction for this year was different from the amount of your federal depreciation deduction, you may need to recalculate the amounts shown on the federal form 1041 Schedule I line 23 to adjust for the Iowa amount. Recalculate this amount by using the Iowa depreciation deduction amounts shown on this year's IA 4562A, and following the federal AMT adjustment instructions for the "Other Adjustments" line of federal form 1041 Schedule I.

NOTE: The federal tax preferences for percentage depletion of an oil, gas, or geothermal well and intangible drilling costs from federal Form 1041, Schedule I are not tax preferences but are additions to income on IA 1041, line 8.

Part II - Iowa Alternative Minimum Taxable Income

Line 23: A net operating loss can be carried back or carried forward to reduce a taxpayer's alternative minimum taxable income. However, before the net operating loss can be deducted, it must be reduced by any adjustments and tax preferences used in computing the net operating loss. A net operating loss that is carried to the current tax year on line 23 cannot

exceed 90% of the amount on line 22. Any portion of the net operating loss that cannot be used can be carried over to the next tax year.

Part IV - Nonresidents

A taxpayer that is not a full-year resident of Iowa is required to pay Iowa AMT only on the percentage of adjustments and tax preferences that are Iowa source. Lines 32 through 35 in Part IV must be completed to calculate the Iowa AMT liability for nonresidents only if one has Iowa source adjustments or preferences.

Line 32: Add Iowa net income from IA 1041 Schedule C, line 22 Column A, plus the total of only those adjustments and tax preferences from IA 1041 Schedule I, line 19 that are from Iowa sources.

Line 33: Add all-source net income from IA 1041 Schedule C, line 22 Column B, plus the total of all adjustments and tax preferences from IA 1041 Schedule I, line 19.

Line 34: Divide line 32 by line 33 and enter the result to three decimal places (Example: 0.786).

Line 35: Multiply line 31 by line 34. The result is the Iowa AMT and is to be entered on IA 1041, line 25. See the instructions below relating to Iowa alternative minimum tax limited to net worth.

Iowa Alternative Minimum Tax Limited to Net Worth

Taxpayers who meet all qualifications for a distressed sale, but have a debt to asset ratio of 75% or less, are not subject to the AMT in an amount greater than the taxpayer's net worth. In situations where a taxpayer has multiple transactions (forfeitures, transfers, sales, or exchanges), AMT is limited to net worth prior to the last transaction in the tax year. Complete IA 6251B form to determine net worth.
