Instructions for the IA Schedule 8827F: Iowa Alternative Minimum Tax Credit

Form 8827F should be completed to compute the Iowa Alternative Minimum Tax Credit, if any, for Iowa alternative minimum tax incurred in prior tax years and to compute any Iowa Alternative Minimum Tax Credit Carryforward that may be used in future tax years.

The Iowa Alternative Minimum Tax Credit may only be claimed to the extent that your regular tax liability exceeds your tentative Iowa alternative minimum tax for tax year 2017. Because the Iowa Alternative Minimum Tax Credit does not expire, the credit claimed also cannot exceed regular tax liability after applying claims to all other nonrefundable tax credits.

Note that the IA 4626F has been discontinued; use the IA 4626 instead. On line 1, enter the amount from line 17 of the 2017 IA 4626.

Include a statement explaining any federal audits which have impacted your carryforward reported on line 2. You must also file an amended Iowa tax return to reflect any previous year federal audit changes.

Enter the claim information for the Iowa Alternative Minimum Tax Credit in Part I of the IA 148 Tax Credits Schedule; use tax credit code 09 in column A and leave column B blank. Include this form with the IA 1120F.
