2018 IA 177 Iowa Adoption Tax Credit Instructions

Effective for adoptions finalized in 2017 and later, the Iowa Adoption Tax Credit equals the smaller of \$5,000 or qualified adoption expenses paid or incurred by the taxpayer in connection with the adoption of a child by the taxpayer. Include only one adopted child per IA 177 form.

If you and your spouse adopted the child together and file jointly, complete only one IA 177 as only one credit may be claimed between the two of you. If you and your spouse file separately, each spouse must complete an IA 177 as the credit must be divided between the two of you. If you and another adoptive parent each paid qualified adoption expenses to adopt the same child, you must each complete an IA 177. Expenses may be divided as agreed between the adoptive parents when completing two IA 177 forms.

“Qualified adoption expenses” means unreimbursed expenses paid or incurred in connection with the adoption of a child, including medical and hospital expenses of the biological mother that are incident to the child’s birth, welfare agency fees, legal fees, and all other fees and costs that relate to the adoption.

The credit can only be claimed once an adoption is finalized. You may not claim the credit for expenses related to an adoption that has not become final.

The adopted child must be under 18 years old. For an adoption prior to July 1, 2017, the child must be permanently placed in Iowa by the Iowa Department of Human Services or other similar State agency, by a licensed agency, or by a person making an independent placement. Effective July 1, 2017, the child must be permanently placed in Iowa by an adoption service provider, or by an agency meeting the requirements of the Interstate Compact on the Placement of Children.

Adoptions that became final in 2018 or 2017: If your unreimbursed expenses were less than the maximum allowable credit of \$5,000 in 2018, you may amend prior year returns to claim expenses paid or incurred in those years. Amended returns must still be in statute to receive a refund. Your total Iowa Adoption Tax Credit claims across all claim

years are limited to \$5,000 for each qualifying adoption.

Adoptions that became final in 2014-2016: Your total Iowa Adoption Tax Credit claims are limited to \$2,500 for each qualifying adoption.

Line 2: The child’s identifying number can be a Social Security Number, an adoption taxpayer identification number, or an individual taxpayer identification number. Leave the line blank if no number is available.

Line 7: If you and another person adopted the child, report the name of the other parent if not reported on the IA 1040.

Line 8: If you and another person adopted the child, report the Social Security Number of the other parent if not reported on the IA 1040. If you cannot obtain that number, you may leave the line blank.

Line 9: Report all adoption expenses paid or incurred in 2018 including any expenses reimbursed by an employer or other entity. If expenses were paid or incurred by you and your spouse and you are filing separately or by you and another adoptive parent, only include your share of the expenses. Do not include expenses paid or incurred in 2018 if you or another adoptive parent claimed an Iowa Adoption Tax Credit for those expenses in another tax year.

Line 13: If you claimed Iowa Adoption Tax Credits for this child in a different tax year, report those amounts here. Report all amounts claimed on a married filing jointly return.

Line 14: Report all Iowa Adoption Tax Credit claims made by another taxpayer for this child. Include amounts paid this tax year or in a different tax year unless you made claims on a married filing jointly return.

Report the tax credit claim in column K of Part II on the IA 148 Tax Credits Schedule; use tax credit code 66 in column I and leave column J blank. If you have completed multiple IA 177 forms, report each credit separately on the IA 148. Any tax credit in excess of tax liability can be refunded or credited to tax liability for the following year.

Include this form and the IA 148 with your IA 1040.
