An Iowa E85 Gasoline Promotion Tax Credit is available to retail dealers of gasoline who operate fuel pumps at an Iowa retail fuel site. Tank wagons are considered retail fuel sites. To qualify for the tax credit, retail dealers must sell E85 gasoline, which is ethanol-blended gasoline formulated with a minimum percentage between 70% and 85% by volume of ethanol.

The tax credit equals \$0.16 multiplied by the total number of gallons of E85 gasoline sold during the tax year. See Iowa Code section 422.11O and Iowa Administrative Code rules 701—304.33 and 52.30 for more information.

Provide your name, Social Security Number (SSN) or Federal Employer Identification Number (FEIN), and tax period ending date.

If the retailer is a pass-through entity (partnership, LLC, S corporation, estate, or trust), the tax credit is allocated to the members in the ratio of each member's share of the earnings of the entity to the entity's total earnings. Special allocations are not permitted. Report the tax credit to the Department and to members as instructed below (see *Where to Report This Tax Credit*).

If the taxpayer has received any E85 Gasoline Promotion Tax Credit from a pass-through entity, indicate that amount on line 3 of the IA 135. See *Where to Report This Tax Credit* below.

File a separate IA 135 for each pass-through E85 Gasoline Promotion Tax Credit received and provide the required information regarding the pass-through entity.

Any tax credit in excess of tax liability can be refunded or credited to tax liability for the following year.
