Nonresidents and part-year residents (including those claiming a School Tuition Organization Tax Credit of a pass-through entity) must apportion their School Tuition Organization Tax Credit based on their ratio of Iowa-source net income to total net income. For additional information on this calculation, see line 17 of the detailed IA 1040 expanded instructions at tax.iowa.gov/expanded-instructions.

**The Iowa Solar Energy Tax Credit and the Geothermal Heat Pump Tax Credit are awarded credits for Iowa purposes.

***The Third-Party Developer Tax Credit is initially awarded by the Iowa Economic Development Authority. You must submit an application to the Iowa Department of Revenue reporting eligible sales tax paid by a third party within one year of contract completion.
