Refund Claims

Requests for refund must be filed within three years of the due date of the original return, including extensions, or within one year after the payment of the tax.

Refund requests resulting from an Internal Revenue Service (IRS) audit after the above deadline has expired must be filed within one year of the final determination date of the IRS audit adjustment. Include with your amended Iowa return a copy of the federal document that shows the final determination and explains the final federal adjustments. For more information, see Iowa Code section 422.73. Special rules and timelines exist for reporting and claiming a refund resulting from a centralized partnership audit change. For more information, see Iowa Code section 422.25A and the description below of federal centralized partnership audits.

Federal Tax Changes

Even if other assessment deadlines have expired, the Department may make a determination of the correct tax owed at any time within one year after receiving sufficient notice of a change to Iowa tax liability resulting from a federal audit (including a federal centralized partnership audit) or a federal amended return (including a federal centralized AAR). For notice to be sufficient, you must file an amended Iowa return and include a copy of the federal amended return or, in the case of a federal audit, a copy of the federal document that shows the final determination and explains the final federal adjustments. For more information, see Iowa Code section 422.25.

Federal Centralized Partnership Audit Regime

Prior to tax year 2018, federal partnership audit adjustments and tax collection was generally administered at the partner level. For tax years 2018 and forward, the IRS makes audit adjustments and generally collects taxes at the partnership level for partnerships subject to the federal centralized partnership audit regime. If a partnership under this regime is audited by the IRS resulting in adjustments that affect Iowa tax liability, the partnership and its direct and indirect partners must follow certain procedures and timelines for reporting the adjustments to Iowa and paying the resulting Iowa tax, even if the partnership or partners were not responsible for filing a federal amended return or paying additional federal tax. Similar procedures and timelines also apply to an affected partnership and its direct and indirect partners for amendments to returns requested on a centralized AAR. For more information, see Iowa Code section 422.25A.

Iowa Pass-Through Entity Audits

For tax year 2020 and forward, any audit of a pass-through entity (partnership, S corporation, fiduciary) by the Department will be conducted solely at the pass-through entity level. If a pass-through entity is audited by the Department resulting in adjustments to Iowa tax liability, the pass-through entity and its owners must follow certain procedures and timelines for reporting the adjustments to Iowa and paying any resulting Iowa tax. For more information, see Iowa Code sections 422.25B and 422.25C. These provisions may be applied to a tax year prior to 2020 if the Department, the pass-through entity, and the pass-through entity owners agree.
