

What is an Abatement Application?

Abatement is a process that can be used to reduce all, or a portion of the tax, penalty, and interest.

An abatement is not an appeal. If you are within 60 days of your notice of assessment or refund denial letter, you should file an appeal if you disagree with the Department's decision. For more information on appeals, go to revenue.iowa.gov/TBOR. Decisions to grant or deny an abatement are discretionary. The Department's decision on the abatement is final and cannot be appealed.

Do not use this application if you are applying for relief based on inability to pay or financial hardship. If you have a liability that you want to offer to settle for an amount less than what is owed due to inability to pay the full amount, contact the Central Collections Unit at 515-281-3114.

Use This Application for Billings or Refund Denials if You Meet One or Both of the Following Criteria.

- **Doubtful Liability:** A doubtful liability occurs when there is a significant doubt as to the existence of a tax liability or the correct amount of tax liability under the law. If the tax liability has been established by a final court judgment or administrative ruling concerning the existence of the tax liability, the Department will not find the tax to be a doubtful liability. Doubtful liability is not based on your ability to pay.
- **Promote effective tax administration:** Promoting effective tax administration occurs where compelling administrative or equity considerations identified by the taxpayer provide a sufficient basis for settling the liability that is equitable under the particular facts and circumstances of the situation. Abatements under this category will be justified only where, due to exceptional circumstances, collection of the full liability may undermine public confidence that the tax laws are being administered in a fair and equitable manner. The taxpayer will be expected to demonstrate circumstances that justify settlement even though a similarly situated taxpayer may have paid their liability in full.

Who Can Submit the Application?

The taxpayer(s) and any third party registered as a Power of Attorney. A Representative Certification form will also be required in certain circumstances.

How to Submit an Abatement Application

- Respond online at govconnect.iowa.gov by selecting Respond to a Letter
- Complete and mail the form to Iowa Department of Revenue, PO Box 10456, Des Moines, IA 50306

What happens after the Abatement Application is filed?

If the application is incomplete, an information request will be sent giving you 30 days to respond. Penalties and interest will continue to accrue while an application is being reviewed. Collections actions will continue, in most cases, as the review is in process. Setoffs, vendor payments, and refunds will continue to be taken to pay the liability. Failure to meet your filing and payment responsibilities while your abatement application is under review may result in your application being rejected. The Department will send you a letter to inform you of the decision to accept, partially accept, or deny the abatement request. Partially approved abatements will include the terms of the agreement and require you to sign and return a signed copy of the letter prior to the changes being made. The Department generally will not issue refunds through abatement (see Iowa Administrative Code rule 701–19.4 for more details.)

For more information on Abatements, see Iowa Code section 421.5 and Iowa Administrative Code rule 701–19.
