## FOREWORD

A Retail Sales and Use Tax Report is published for each of the four quarters ending March 31, June 30, September 30, and December 31, and one for the annual period covering sales made between April 1 of one year and March 31 of the following year.

The report utilizes the 1987 Standard Industrial Classification (S.I.C.) codes, which classify businesses according to their major business activity. The S.I.C codes are used in subsections of sales tax data and retailers and consumer use taxes. Data can be compared to other reports published since June 1975; however, for prior periods, comparability of the data is limited.

The retail sales tax section of the report consists of three subsections. The first subsection, "Retail Sales Tax by County and Town," provides data for all towns in Iowa regardless of size where the minimum number of returns were filed (10 returns for a quarter or 40 returns for a year). The "other" category presents data for retailers not satisfying the minimum requirements. The second subsection "Retail Sales Tax by Business Class by County and Selected Towns" provides data by business classification for each county and selected towns within the county. Breakdowns are provided for all towns with populations over 2,500 persons according to the 1990 federal census, in addition, there must be 5 or more sales tax returns filed for a quarter or 20 or more returns filed in a year. Business class data not presented for a listed town are included in the "Miscellaneous" category. Data for rural areas or towns not listed in a county are included in the "Other" town categories. The third subsection of sales tax data provides a breakdown of state sales tax according to the 12 S.I.C. business groups and over 90 business classes. In order to protect the confidentiality of the data, information for any business group with less than 5 returns filed for a quarter or 20 returns for the annual report is consolidated in the "Miscellaneous Group."

The use tax section presents data for the three use taxes: Motor Vehicle Use, Retailer's Use and Consumer's Use. Motor Vehicle Use tax data is presented according to the county in which the vehicle is registered. Retailer's Use tax data is presented by business group and class. Consumer's Use tax data is compiled by both county and business group.

The introductory section of this report continues with a list of relevant terms and their definitions and an account of the development of both the sales and use tax laws. A comparison of Retail Sales Tax in the current period to the previous two years is included. A breakdown of sales tax by business group, population size, and size of gross receipts and computed tax is also included. The introductory section concludes with a section on the local option Hotel/Motel Tax with a summary of the law and the collected tax receipts.

**GLOSSARY**

<b>TAXABLE SALES</b>	Gross receipts from the sales of tangible personal property and certain services subject to the retail sales and retail use tax minus permitted deductions which include: <ul style="list-style-type: none"><li>a) Sales in interstate commerce,</li><li>b) Sales to government units,</li><li>c) Sales for resale or processing,</li><li>d) Sales of gasoline or diesel fuel,</li><li>e) Sales of vehicles subject to registration, and</li><li>f) Sales of food, prescription drugs, medical devices and medically prescribed oxygen</li></ul>
<b>COMPUTED TAX</b>	The amount of tax computed on taxable sales
<b>NON-PERMIT</b>	Vendors not regularly engaged in selling at retail or do not have a permanent place of business.
<b>OTHER</b>	County and Town Section: Businesses located in rural portion of county and those towns with less than 10 businesses filing a quarterly return (40 returns for the annual report).  County and Selected Town Section: All towns which are below the minimum population requirement of 2,500 persons and have less than 5 quarterly sales tax returns (20 returns for the annual report).
<b>BUSINESS CLASSIFICATION</b>	Retailers classed according to the major type of business activity performed. As a result, classes may include sales other than normally suggested by the class title. Classification is based on 1972 Standard Industrial Classification codes.
<b>BUSINESS GROUP</b>	Consolidation of related business classes into 12 business groups.
<b>NUMBER OF RETURNS</b>	The number of businesses filing quarterly sales tax returns during the period. The annual report represents the sum of quarterly returns received and, therefore, the approximate number of businesses may be computed by dividing the number of returns received by four.

### DEVELOPMENT OF RETAIL SALES TAX

Effective July 1, 1992, a 5 percent tax was imposed on the gross receipts received from the retail sales of tangible personal property in Iowa and from receipts received for the performance of certain taxable services in this state. The amount of gross receipts is adjusted by adding the value of goods consumed which were purchased tax exempt and subtracting the amount of any exempt sales.

The sales tax was first imposed in 1934 in Iowa for a 3-year period at the rate of 2 percent. As adopted, the tax was imposed only on the gross receipts received from the sale of tangible personal property; the sale of gas, electricity, water, and communication services; and the sale of admissions to places of amusement or athletic events.

Since 1934 the tax base has been revised to include gross receipts from the sales of all forms of amusement devices and commercial amusement enterprises effective April 24, 1947; the renting of rooms by the same person, unless rented for a period of 31 or more consecutive days effective as of July 1, 1965; the performance of certain enumerated services as of October 1, 1967; the sale of newsprint and ink used in the printing of any newspapers as of January 1, 1970; and the sales resulting from gambling, games of skill and raffles as of June 2, 1973. As of July 1, 1981, the sales tax was applied to the total purchase price of optional service or warranty contracts which provide for repair parts or labor. Effective July 1, 1985, the sales tax base was expanded to include such items as candy, soft drinks and prepared foods. The list of taxable services was also enhanced to include such services as cable television, campgrounds, gun and camera repair, building maintenance, lawn care, and several additional items.

Included in the exemptions which have been provided are the sale of tangible personal property to be used as railroad rolling stock effective in 1971; the exemption in 1971 of the sale of used motor vehicles subject to registration; and the exemption of food, prescription drugs, and medical devices effective July 1, 1974. The First Session of the 66th General Assembly in 1975 extended the food and drug exemption to apply to sales of medically prescribed oxygen. In 1979 sales by cities and counties, except utility service, were exempted. Effective July 1, 1987, purchases of certain farm machinery and industrial equipment became exempt. Further information on allowable deductions is provided in the glossary on page II.

Sales tax rates have been adjusted several times since the enactment of the tax. The original rate of 2 percent was in effect from the date of enactment until June 30, 1955. Between July 1, 1955, and June 30, 1957, the tax rate was increased to 2-1/2 percent. The tax rate was again set at 2 percent effective July 1, 1957, and remained in effect until the enactment of 3 percent effective October 1, 1967. The 3 percent rate remained in effect until March 1, 1983, when the rate became 4 percent. The rate changed once again on July 1, 1992, to 5 percent.

The Retail Sales Tax section continues on pages IV - X with a review of data for the period including breakdowns of data by county, population group, business group, amounts of computed tax and a comparison of the present period to the same period the last two years.

## **THE YEAR IN REVIEW**

### **Retail Sales Tax**

Total taxes due on returns filed for the year ending March 31, 2005, amounted to \$1,488.9 million, which is a 2.5 percent increase from the \$1,453.2 million collected in 2004. The number of quarterly returns filed increased from 344,963 in 2004 to 345,643 in 2005, which is a .2 percent increase.

#### **Review of Quarterly Returns in 2005**

Reflecting Christmas retail sales activity, 27.0 percent of fiscal 2005 computed tax was reported during the December quarter, this is the largest quarter terms of computed tax. Figures A & B on page V present in detail the quarterly tax liabilities during fiscal 2005 and for each of the past two fiscal years.

#### **Size of Gross Receipts in 2005**

Examination of the table “Gross Sales and Computed Tax By Size of Gross Sales for Fiscal 2005” on page VII provides a profile of tax liability according to the gross sales of Iowa firms. Businesses that show \$1 million or more in quarterly gross sales collected 63.4 percent of total sales tax in 2005 while comprising only 3.4 percent of total businesses filing returns. In contrast those firms with quarterly gross sales of under \$10,000 represented 49.3 percent of total business, but their tax collections represented only 1.3 percent of total collection.

#### **Sales Tax Due by County in 2005**

To facilitate the comparison of an individual county’s sales tax collections to surrounding counties or trade areas, a table of Iowa’s 99 counties is shown on pages IX and X of this report.

## DEVELOPMENT OF USE TAX

Effective July 1, 1992, Iowa imposes a use tax at the rate of 5 percent on the purchase price of tangible personal property which is purchased for use in Iowa. The tax is also imposed on individuals using those services subject to the sales tax when such services or the result of such services are used in Iowa.

A use tax was first imposed in Iowa in 1937 in conjunction with the permanent adoption of the sales tax. Since its adoption, the development of the use tax has generally paralleled that of the sales tax both in terms of tax base and rates. Credits are provided, however, against the amount of use tax due in Iowa for any sales, use or occupational taxes paid to another state.

As presented on page XII, the Iowa use tax is collected under three complementary use taxes: Retailer's Use, Consumer's Use, and Motor Vehicle Use. The Retailer's Use Tax is collected by registered retailers from the purchaser on the sale of all tangible property and taxable services. Retailers located outside of the state who maintain a place of business in Iowa are required to register with the Department and collect the tax on all sales made into Iowa.

Use tax liability which is not paid through a retailer remains the responsibility of the consumer. Purchasers of property on which the tax has not been paid are required to file a quarterly Consumer's Use tax return in conjunction with payment of the tax.

A 5 percent excise tax is also imposed on the sale of new and used motor vehicles which are subject to registration. The tax is imposed on the taxable price which is the delivered price less cash discounts and the value of any property traded. Payment of the tax is made to either the county treasurer where the vehicle is registered or the Motor Vehicle Division of the Iowa Department of Transportation. Credits are also provided for sales or use taxes paid on motor vehicles to other states.

Pages XII - XIII present a review of Retailer's Use Tax data by business group and by size of computed tax and a comparison of use tax data for the current period compared to the same period last year.

## HOTEL-MOTEL TAX SUMMARY

### Fiscal Year Ending March 31, 2005

During fiscal year 2005, the tax was in 88 cities and in 10 counties in Iowa. The tax is instituted by voter approval by the local jurisdictions and is collected and processed by the Department of Revenue in conjunction with the retail sales tax. The tax rate may not exceed 7 percent.

The tax is imposed upon the gross receipts from the renting of sleeping rooms, apartments, or sleeping quarters in any hotel, motel, inn, public lodging house, tourist court, or in any place where sleeping accommodations are furnished to transient guests. The rooms must be rented for less than 31 consecutive days and be located in the incorporated areas within that county.

For the year ending March 31, 2005, a total of \$27,878,716 was certified from the following jurisdictions.

Jurisdiction	Tax Rate	Fiscal Year Ending March 31, 2005				TOTAL
