## INTRODUCTION

In 2019, a total of \$3.9 billion in Iowa individual income tax liability was reported on 1.6 million returns for tax year 2018. The reported tax was based on \$164.3 billion in Iowa net income and \$124.9 billion in net taxable income. This report provides a summary of data obtained from 2018 IA 1040 Individual Income Tax returns and a review of the relevant features of Iowa tax law.

This report is organized into two major sections:

- An overview and analysis of information reported on 2018 Iowa individual income tax returns.
- Statistical appendices A through D. Appendices A and B provide data aggregated by return, such that information for married taxpayers filing on one return is treated on a combined basis. This convention is employed throughout the narrative portion of this report including charts and tables. Appendices C and D provide data aggregated by taxpayer, with married taxpayers filing separately on one tax return treated as two individual taxpayers for purposes of analysis.
  - *Appendix A – All Returns* provides data for all returns.
  - *Appendix B – Iowa-Resident Returns* provides data for returns filed by Iowa-resident taxpayers only.
  - *Appendix C – All Taxpayers* counts married taxpayers filing separately on one return as separate taxpayers and concerns all Iowa taxpayers.
  - *Appendix D – Iowa-Resident Taxpayers* counts married taxpayers filing separately on one return as separate taxpayers and concerns Iowa-resident taxpayers only.

## OVERVIEW OF RELEVANT FEATURES OF TAX LAW – TAX YEAR 2018

The key features of the 2018 Iowa individual income tax are similar to those in the federal income tax and in other states with progressive tax rates. This section of the report highlights individual income tax law changes for 2018, fundamental features of the Iowa tax structure, and related items such as additional taxes, credits, and check-off programs. Table 2 provides information on these additional items, including descriptions and impacts.

### Tax Year 2018 Law Changes

Comparisons between the statistical data contained in this report and data contained in reports from prior years should be made with due consideration of the effects of tax law changes. Year to year increases or decreases in a given measure may arise from changes in law as well as demographic or economic trends. Important Iowa tax law changes applicable to tax year 2018 include the following:

- The income tax brackets in the rate schedule and standard deductions were indexed upward by 1.6 percent. The indexation is made each year to prevent taxpayers from incurring increased tax liabilities due to inflation.
- The standard deduction for single filers and married individuals filing separately was \$2,030; up from \$2,000 in tax year 2017. For all other filing statuses the standard deduction was \$5,000; up from \$4,920 the prior year.

- The Iowa Taxpayers Trust Fund Tax Credit was repealed effective January 1, 2018.
- For tax year 2018, Iowa did not adopt most of the federal Internal Revenue Code (IRC) changes regarding the determination of gross income that occurred with the enactment of the Tax Cuts and Jobs Act in 2017. Adjustments to income for purposes of determining state Adjusted Gross Income are detailed under the Net Income explanation below.
- Other changes to the Iowa individual income tax include the following:
  - Beginning in 2018, Iowa taxpayers may open an Iowa ABLE (Achieving a Better Life Experience) Savings Plan Trust for the purposes of funding disability-related expenses. The deductible portion of a contribution to this plan was limited to \$3,319 per beneficiary, the same as an Iowa College Savings 529 plan.
  - Beginning in 2018, Iowa taxpayers may open first-time homebuyer savings accounts, and deduct certain contributions to that account. However, only certain qualifying withdrawals from these accounts receive preferential Iowa tax treatment. If funds are withdrawn for non-qualifying purposes the taxpayer must add back the amount withdrawn to the extent the funds were previously deducted, plus a 10 percent penalty.
  - Beginning in 2018, qualifying withdrawals from a College Savings Iowa or Iowa Advisor 529 Plan may include up to \$10,000 per beneficiary per year for tuition expenses of attending an accredited elementary or secondary (K-12) school in Iowa. The \$10,000 per-beneficiary cap applies even if the beneficiary receives money from multiple accounts. The \$10,000 annual cap does not apply to withdrawals used to pay qualified education expenses related to higher education.

### Filing Requirements

For 2018, single taxpayers who were Iowa residents, under age 65, and had Iowa net income of \$9,000 or more were required to file an Iowa tax return. Iowa residents other than single filers who were under age 65 and had household Iowa net income of \$13,500 or more were required to file an Iowa return. Single taxpayers with Iowa net income of \$5,000 or more who were claimed as a dependent on another person's return were required to file a return. Single taxpayers age 65 or over with Iowa net income of \$24,000 or more and married taxpayers with at least one spouse age 65 or over with Iowa net income of \$32,000 or more were required to file an Iowa return. Nonresidents with \$1,000 or more in household net income from Iowa sources, taxpayers who were subject to the Iowa lump sum tax or the Iowa alternative minimum tax, and military personnel who claimed Iowa as their legal residence were also required to file an Iowa return.

### Filing Status

Filing status pertains to a taxpayer's marital status and family situation as of December 31 of the tax year. Iowa allows six filing statuses, as follows:

- Single – For taxpayers who are unmarried, divorced, or legally separated.

- Married Filing Joint Return – For married couples who want to report income, deductions, and credits together in one column and calculate tax on a joint basis.
- Married Filing Separately on Combined Return – For married couples who want to report income, deductions, and credits separately in two columns (one column for each spouse) allowing each to separately calculate tax, avoiding marriage penalties or bonuses. Taxpayers using this filing status must prorate certain items between spouses, such as federal refunds or itemized deductions.
- Married Filing Separate Returns – For married couples who wish to file on separate returns.
- Head of Household – For taxpayers filing as head of household for federal income tax purposes.
- Qualifying Widow(er) with Dependent Child – For taxpayers meeting the federal filing requirements for qualifying widow(er).

For purposes of the statistical appendices to this report, tables under the heading “Single” include information for taxpayers filing as single, head of household, or qualifying widow(er). The “Married Separate” tables include information for married taxpayers filing separately, whether on a combined return or on separate returns. The “Married Joint” tables concern taxpayers using the married joint filing status.

### Gross Income

Gross income is all income from all sources reported on the Iowa income tax return. Iowa taxpayers must report all income for the entire year unless it is specifically excluded by law, as is, for example, US Treasury interest. Although Iowa taxpayers were required to report Social Security benefits subject to federal taxation based on pre-1993 tax law, this amount is not included in gross income because Social Security benefits are not subject to Iowa income tax. Nonresidents and part-year residents must report non-Iowa-source income but are entitled to a credit for the amount of tax based on income earned outside of Iowa.

### Net Income

Iowa net income is also referred to as adjusted gross income, or AGI, in this report. Net income equals gross income less certain adjustments, some of which are the same as those allowed for federal purposes. In 2018 some changes to these adjustments were necessary due to the enactment of the Tax Cuts and Jobs Act (TCJA) at the federal level. Iowa Senate File 2417, an extensive state tax reform bill affecting Iowa’s tax structure, conforms with many provisions of the federal TCJA, but in most cases not until tax years beginning on or after January 1, 2019. As a result, Iowa individual income taxes for tax year 2018 will generally be calculated using the Internal Revenue Code (IRC) in effect on January 1, 2015, so there will be significant differences between federal and Iowa itemized deductions which may require Iowa adjustments. These include adjustments related to the limitation on business losses, employer-provided transportation expenses, like-kind exchanges of personal property, student loan debt discharged due to death or permanent disability, personal casualty or theft gains, moving expense deduction, business interest expense limitation, business entertainment and qualified fringe benefit expenses, employee business expenses, and several other nonconformity adjustments.

## Net Taxable Income

To determine net taxable income, the following deductions from net income were allowed for 2018:

1. Iowa is one of three states that allowed the full deduction of federal income taxes paid during the year less federal income tax refunds received during the year. Federal income taxes excluded any payroll taxes and any repayment of health care premium tax credits. Federal income tax refunds excluded any refunds resulting from the federal Earned Income Tax Credit, Additional Child Tax Credit, First-time and Existing Homebuyer Credits, and refundable education and adoption credits.
2. The larger of the following amounts:
  - a. A standard deduction of \$2,030 for single filers and for each married individual filing separately; a standard deduction of \$5,000 for taxpayers who filed married using a joint return, head of household, or qualifying widow(er) with a dependent child.
  - b. Itemized deductions as allowed by Iowa Code Sections [422.9](#) and [422.7](#). New deductions available in 2018 included qualified contributions to Iowa ABLE (Achieving a Better Life Experience) Savings Plan Trusts and first-time homebuyer savings accounts.

Net taxable income reported on 2018 Iowa returns was subject to the following rates and tax brackets (see Table 1):

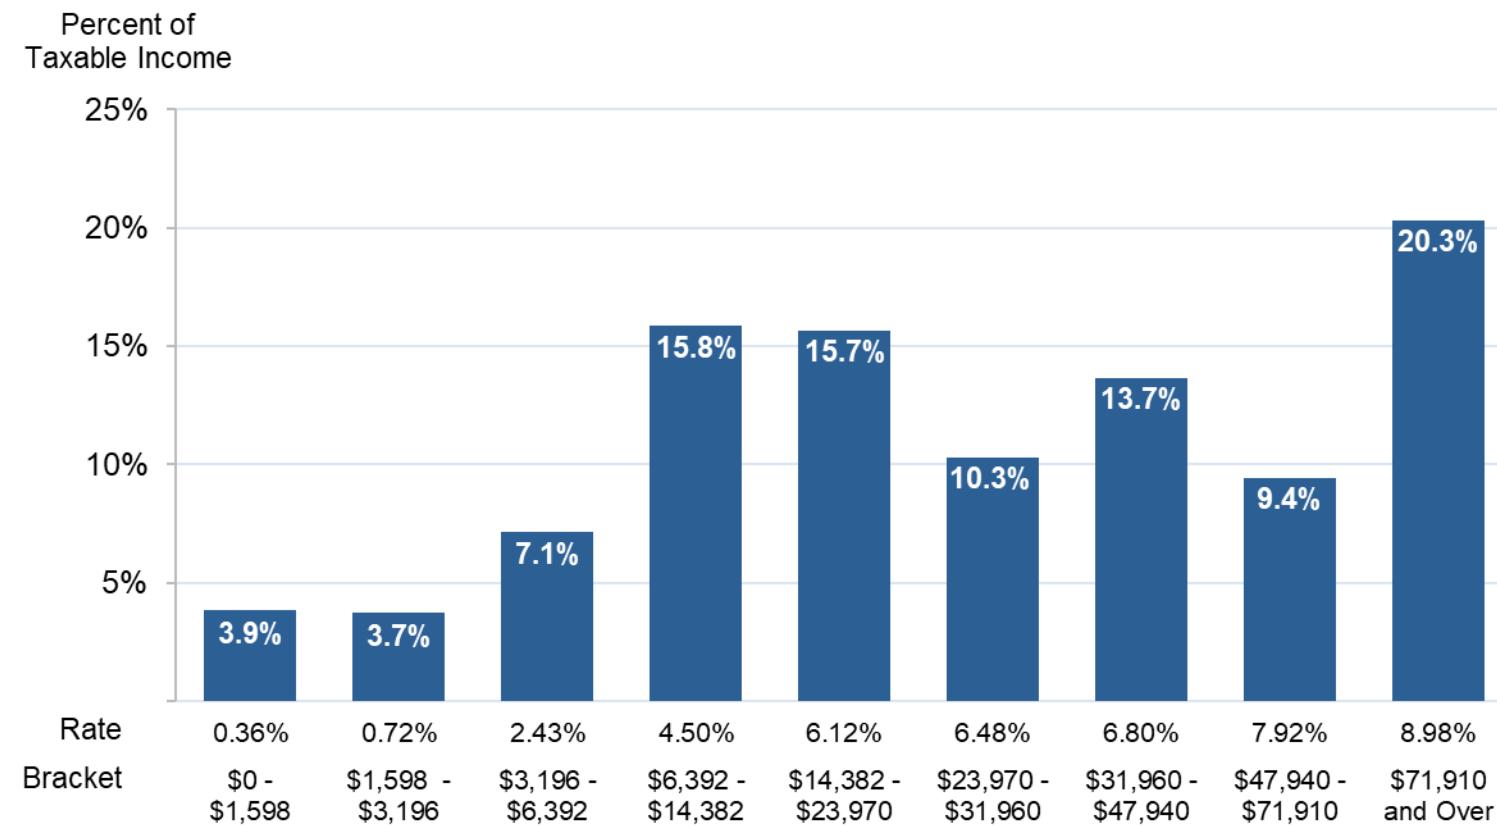

**Table 1. Iowa 2018 Tax Rate Schedule**

Rate	Taxable Income			
0.36%	over	\$0	but not over	\$1,598
0.72%	over	\$1,598	but not over	\$3,196
2.43%	over	\$3,196	but not over	\$6,392
4.50%	over	\$6,392	but not over	\$14,382
6.12%	over	\$14,382	but not over	\$23,970
6.48%	over	\$23,970	but not over	\$31,960
6.80%	over	\$31,960	but not over	\$47,940
7.92%	over	\$47,940	but not over	\$71,910
8.98%	over	\$71,910	-----	-----

Note: Taxpayers other than single filers have the option of subtracting \$13,500 (\$32,000 if age 65 or over) from their household Iowa net income (plus any pension exclusion and reported Social Security benefits) and multiplying the difference by a flat rate of 8.98 percent to compute their alternate tax. Taxpayers may use this alternate tax calculation if it results in a lower tax liability than applying the progressive tax rates to net taxable income.

Figure 1 shows the percentage of total 2018 taxable income of Iowa residents within each bracket and its associated statutory tax rate. For example, the first \$1,598 of taxable income comprises 3.9 percent of total taxable income reported on returns filed by Iowa-resident taxpayers; this amount was taxed at 0.36 percent in 2018. The State's highest marginal tax rate, 8.98 percent, was applicable to 20.3 percent of total taxable income of Iowa residents; in other words, just under 80 percent of Iowa residents' taxable income, or 79.7 percent, was subject to a marginal rate of 7.92 percent or lower.

**Figure 1. Tax Year 2018 Aggregate Taxable Income of Iowa Residents by Tax Rate and Tax Bracket**

### Personal and Dependent Credits

The following nonrefundable personal and dependent exemption credits were allowed for 2018:

1. A \$40 tax credit was allowed for each individual filing a return. In addition, taxpayers who filed as a head of household were allowed an additional credit of \$40. Finally, an additional \$20 tax credit was allowed for individuals who at the end of the tax year were 65 years of age or over or blind.
2. A \$40 tax credit was allowed for each dependent claimed.

### Nonresident/Part-Year Resident Credit

Individuals with Iowa-source income who were not full-year residents of Iowa were required to report their income, adjustments, and deductions from all sources. After computing tax on net taxable income from all sources, nonresidents and part-year residents were allowed a credit against that computed tax that reflects the ratio of non-Iowa-source income to total income. The nonrefundable tax credit was computed using the Schedule IA 126. In 2018, the nonresident/part-year resident credit was claimed on 163,987 returns and totaled \$3.97 billion.

### Out-of-State Tax Credit

Iowa residents and part-year residents received a tax credit for income subject to tax in Iowa as well as another state or foreign country. The credit equaled the Iowa tax owed on this income, but could not exceed the tax that was imposed by the other state or country. The nonrefundable credit is computed using the Schedule IA 130; separate schedules were required for each state or country that imposed tax. In 2018, out-of-state credit claims totaled \$121.76 million on 75,948 returns.

### Other Features of the Iowa Individual Income Tax (Additional Taxes, Tax Credits, and Check-offs)

Other features of the Iowa individual income tax include additional taxes imposed on lump sum pension distributions and tax preference items. In addition, subject to local voter approval, surtaxes may be imposed by school districts and counties to provide additional funding for schools or to support emergency medical services. Iowa law provides for a number of refundable and nonrefundable tax credits. Iowa also permits taxpayers to make contributions to certain programs through check-offs.

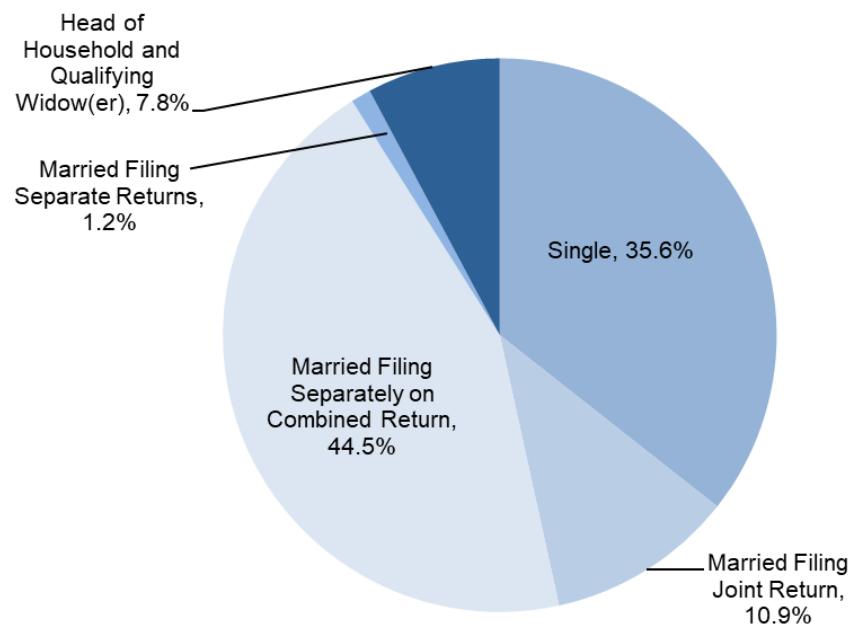

More information on these additional taxes, tax credits, and check-off programs may be found in Table 2.

## REVIEW OF 2018 TAX YEAR

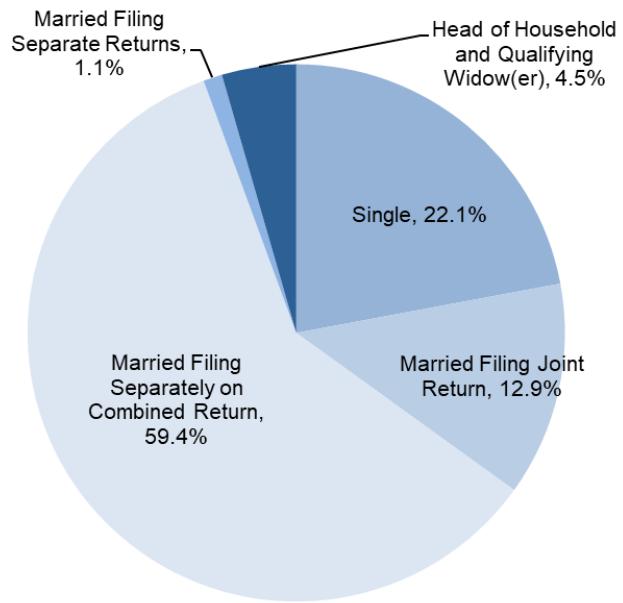

### Filing Status

The Iowa income tax allows for six filing status options. The share of returns by filing status (Figure 2A) and the share of tax liability by filing status (Figure 2B) are presented below. Note that composite filers, who are nonresident taxpayers on whose behalf an S corporation or limited liability company files a joint return to report the pass-through income of those members when that income is the taxpayers' only Iowa-source income, are not considered in this report.

**Figure 2A. Percentage of Returns by Filing Status**

**Figure 2B. Percentage of Tax Liability by Filing Status**

Standard/Itemized Deductions	Taxpayers whose deductions were not more than the Iowa standard deduction accounted for 58.4 percent of returns; the remaining 41.6 percent of returns were filed by taxpayers who itemized deductions and whose deductions exceeded the standard deduction amount.
Federal Tax Deduction	For the 2018 tax year, a total of \$23.5 billion in net federal taxes were deducted from net income compared to \$24.2 billion in tax year 2017.
Additional Taxes	<p>The special tax on lump sum distributions of pensions was reported on 140 returns, totaling \$29,754.</p> <p>The Iowa alternative minimum tax was imposed, for the most part, on the same tax preference items and adjustments on which the federal Alternative Minimum Tax was imposed, and equaled the excess of the alternative minimum tax calculation over the amount owed under the progressive rates or the alternate tax. The Iowa alternative minimum tax was reported on 32,546 returns and totaled \$12.2 million.</p> <p>School District Surtax collections increased over 9 percent from the prior year. Of Iowa's 330 school districts in 2018, 279 imposed the surtax, receiving \$116.2 million in revenue from this State-collected source of revenue. In 2017, 280 districts imposed the surtax and received \$106.4 million. One county, Appanoose, imposed a local surtax to fund emergency medical services; it received \$84,788 from this surtax in 2018.</p>
Tax Credits	Excluding the exemption credits, the nonresident/part-year resident credits, and the out-of-state tax credit, \$259 million in tax credits were claimed on 2018 returns, compared with \$229.7 million in 2017. This is an increase of 12 percent over the prior year, compared to a drop in credits claimed from 2016 to 2017. Table 2 documents the utilization of those tax credits claimed directly on the 2018 IA 1040 return; other tax credits claimed on the IA 148 Tax Credits Schedule are discussed briefly in Note to Table 2.
Check-offs	The tax form allows taxpayers to make charitable contributions using four checkoffs; donations to these checkoffs increase taxpayers' liability. In 2018, there were 20,944 contributions to these checkoff programs for a total of \$342,829. In 2017, there were 22,007 contributions to these checkoff programs for a total of \$367,365 (see Table 2).

**Table 2. Additional Taxes, Credits, and Check-Off Programs for 2018**

<b><u>Tax Item</u></b>	<b><u>Effective Year</u></b>	<b><u>Characteristics</u></b>	<b><u>Impact In 2018</u></b>
<b>Additional Taxes</b>			
Lump Sum Distribution Tax	1982	25% of federal tax on lump sum distributions of pensions.	140 Returns \$29,754
Iowa Alternative Minimum Tax	1982	6.7% of Iowa alternative taxable income to the extent that the alternative minimum tax exceeds regular tax.	32,546 Returns \$12.2 Million
School District Surtax	1976	Up to 20% of State income tax in authorizing districts.	678,243 Returns in 279 School Districts \$116.2 Million
Emergency Medical Services Surtax	1992	Up to 1% of State income tax in authorizing counties.	5,273 Returns in 1 County (Appanoose) \$84,788
<b>Nonrefundable Tax Credits (see Note to Table 2)</b>			
Tuition and Textbook Tax Credit	1987	25% of the first \$1,000 of qualifying expenses per dependent. Maximum tax credit of \$250 for each dependent.	113,938 Returns \$15.1 Million
Volunteer Firefighter/EMS Personnel/Reserve Peace Officer Tax Credit	2013	A tax credit of up to \$100 for volunteer firefighters, volunteer emergency medical services (EMS) personnel, and reserve peace officers. The tax credit is prorated to the number of months of service in the year.	12,934 Returns \$1.3 million

**Refundable Tax Credits  
(see Note to Table 2)**

Fuel Tax Credit	1975	Credit for motor vehicle fuel tax paid on fuel used for exempt purposes.	17,331 Returns \$3.2 Million
Child and Dependent Care Tax Credit	1977	Sliding scale from 30% to 75% of federal Child and Dependent Care Tax Credit for households with income less than \$45,000. The credit may not be taken if the Early Childhood Development Tax Credit is claimed.	19,579 Returns \$5.6 Million
Earned Income Tax Credit (EITC)	1990	15% of federal Earned Income Tax Credit in 2018, with eligibility based on income, marital status, and number of dependents.	203,463 Returns \$67.6 Million
Early Childhood Development Tax Credit	2006	25% of qualified early childhood development expenses for dependents age three to five for households with income less than \$45,000. The credit may not be taken if the Child and Dependent Care Tax Credit is claimed.	3,976 Returns \$0.6 Million
<b>Check-Offs</b>			
Fish and Wildlife Check-off	1982	Taxpayers may contribute \$1 or more of their own money to the Fish/Wildlife Protection Fund	7,306 Returns \$141,960
State Fair Check-off	1993	Taxpayers may contribute \$1 or more of their own money to the State Fairgrounds Renovation Fund.	4,135 Returns \$61,205
Combined Iowa Volunteer Firefighters Check-off and Veterans Trust Contribution Check-off	2004 and 2006	Taxpayers may contribute \$1 or more of their own money to be divided evenly between the Iowa Volunteer Firefighters Fund and the Veterans Trust Fund.	4,528 Returns \$66,279
Child Abuse Prevention Check-off	2008	Taxpayers may contribute \$1 or more of their own money to the Child Abuse Prevention Fund.	4,975 Returns \$73,385

NOTE TO TABLE 2:

The table does not separately list individual credits that are reported in aggregate on either line 52 (“Other nonrefundable Iowa credits”) or line 62 (“Other refundable credits”) of the 2018 Iowa 1040 tax form. For 2018, total other nonrefundable credits of \$121.9 million were claimed on 21,296 returns; other refundable credits were claimed on 4,799 returns and totaled \$43.5 million. Additional information on 2018 tax credit claims will be published in the Annual Tax Credits Claims Report, based on analysis of the IA 148 Tax Credits Schedule. Other refundable credits and other nonrefundable credits are listed in the statistical appendix of this report. More information about all tax credits can be found in the Iowa Department of Revenue Tax Credits Users' Manual.

## TAX LIABILITY BY ADJUSTED GROSS INCOME

One measure of a state's income tax structure is the level of burden it imposes on taxpayers, or the share of income represented by tax liability. Because of Iowa's progressive rate structure, the standard deduction and personal exemptions, and refundable credits for lower-income households, the tax burden varies across income groups.

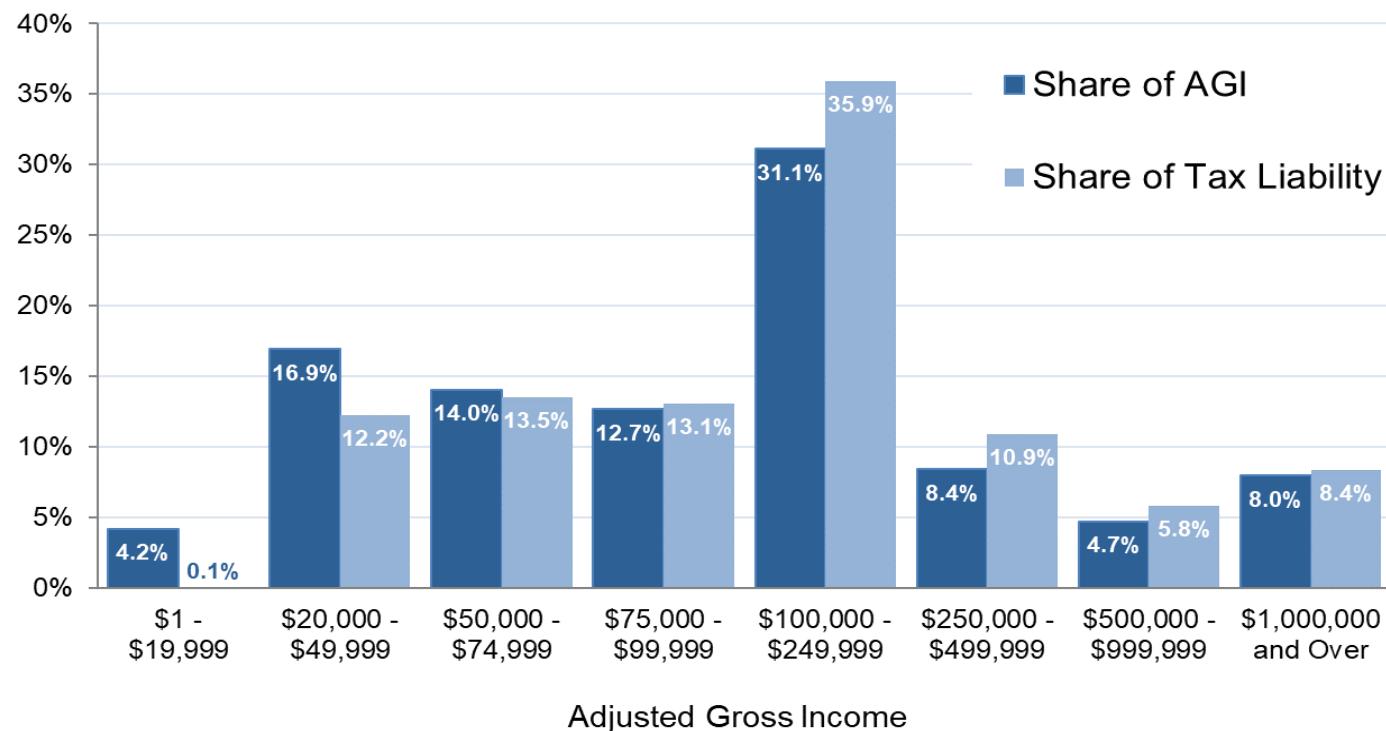

Table 3 presents tax liability by adjusted gross income both for all taxpayers and for Iowa-resident taxpayers only. Note that, for both groups, adjusted gross income represents income from all sources, whether within Iowa or outside of the state, after adjustments. Meanwhile, tax liability represents the tax on Iowa-source income only because the nonresident/part-year resident credit eliminates tax liability attributable to non-Iowa-source income. For this reason, measures of tax burden are lower for nonresident and part-year resident taxpayers with the most significant differences at the middle and upper income levels. Calculations for Iowa-resident taxpayers more accurately depict the burden of the Iowa individual income tax.

**Table 3. Tax Burden by Adjusted Gross Income, All Taxpayers and Iowa Resident Taxpayers**

Adjusted Gross Income Class	All Taxpayers			Iowa Resident Taxpayers Only		
	AGI (\$ millions)	Tax Liability (\$ millions)	Incidence	AGI (\$ millions)	Tax Liability (\$ millions)	Incidence
\$0 or Less	-\$3,007.4	-\$6.3	N/A	-\$2,015.8	-\$6.3	N/A
\$1 - \$19,999	\$4,099.7	\$4.0	0.10%	\$3,750.1	\$3.4	0.09%
\$20,000 - \$49,999	\$16,602.2	\$464.8	2.80%	\$15,173.3	\$445.1	2.93%
\$50,000 - \$74,999	\$14,042.7	\$512.1	3.65%	\$12,587.9	\$490.9	3.90%
\$75,000 - \$99,999	\$12,852.1	\$495.4	3.85%	\$11,348.3	\$475.2	4.19%
\$100,000 - \$249,999	\$33,312.3	\$1,364.4	4.10%	\$27,907.4	\$1,306.0	4.68%
\$250,000 - \$499,999	\$11,370.1	\$424.2	3.73%	\$7,546.8	\$397.2	5.26%
\$500,000 - \$999,999	\$8,575.4	\$234.1	2.73%	\$4,210.0	\$212.3	5.04%
\$1,000,000 - And Over	\$66,484.3	\$383.7	0.58%	\$7,149.8	\$304.1	4.25%
Total	\$164,331.5	\$3,876.3	2.36%	\$87,657.7	\$3,628.0	4.14%

Figure 3 provides additional data regarding the progressivity of the Iowa income tax, showing the distribution of income alongside the distribution of tax liability. The figure concerns only Iowa residents with positive AGI. Broadly speaking it reflects the structure of the Iowa income tax such that, owing to higher statutory marginal tax rates for higher taxable incomes, the standard deduction, personal exemptions, and refundable credits for lower-income households, the aggregate share of tax liability borne by taxpayers with lower incomes is less than their share of AGI. As the figure indicates, this is true of taxpayers with incomes below \$75,000. For taxpayers in other income groups the situation is reversed, although for taxpayers with AGI of \$75,000 to under \$100,000 and those with AGI of \$1 million or more, the respective percentages are nearly equal. The share of tax liability and the share of AGI are most disproportionate for those taxpayers with income of at least \$100,000 but less than \$250,000; this group's share of tax liability exceeds its share of AGI by nearly 5 percentage points. This group also accounts for both the largest share of AGI and the largest share of tax liability.

**Figure 3. Share of AGI and Tax Liability by Income Group for Resident Taxpayers**

Note: The figure does not include taxes paid or income for returns with AGI of less than \$1.

## EFFECTIVE TAX RATES

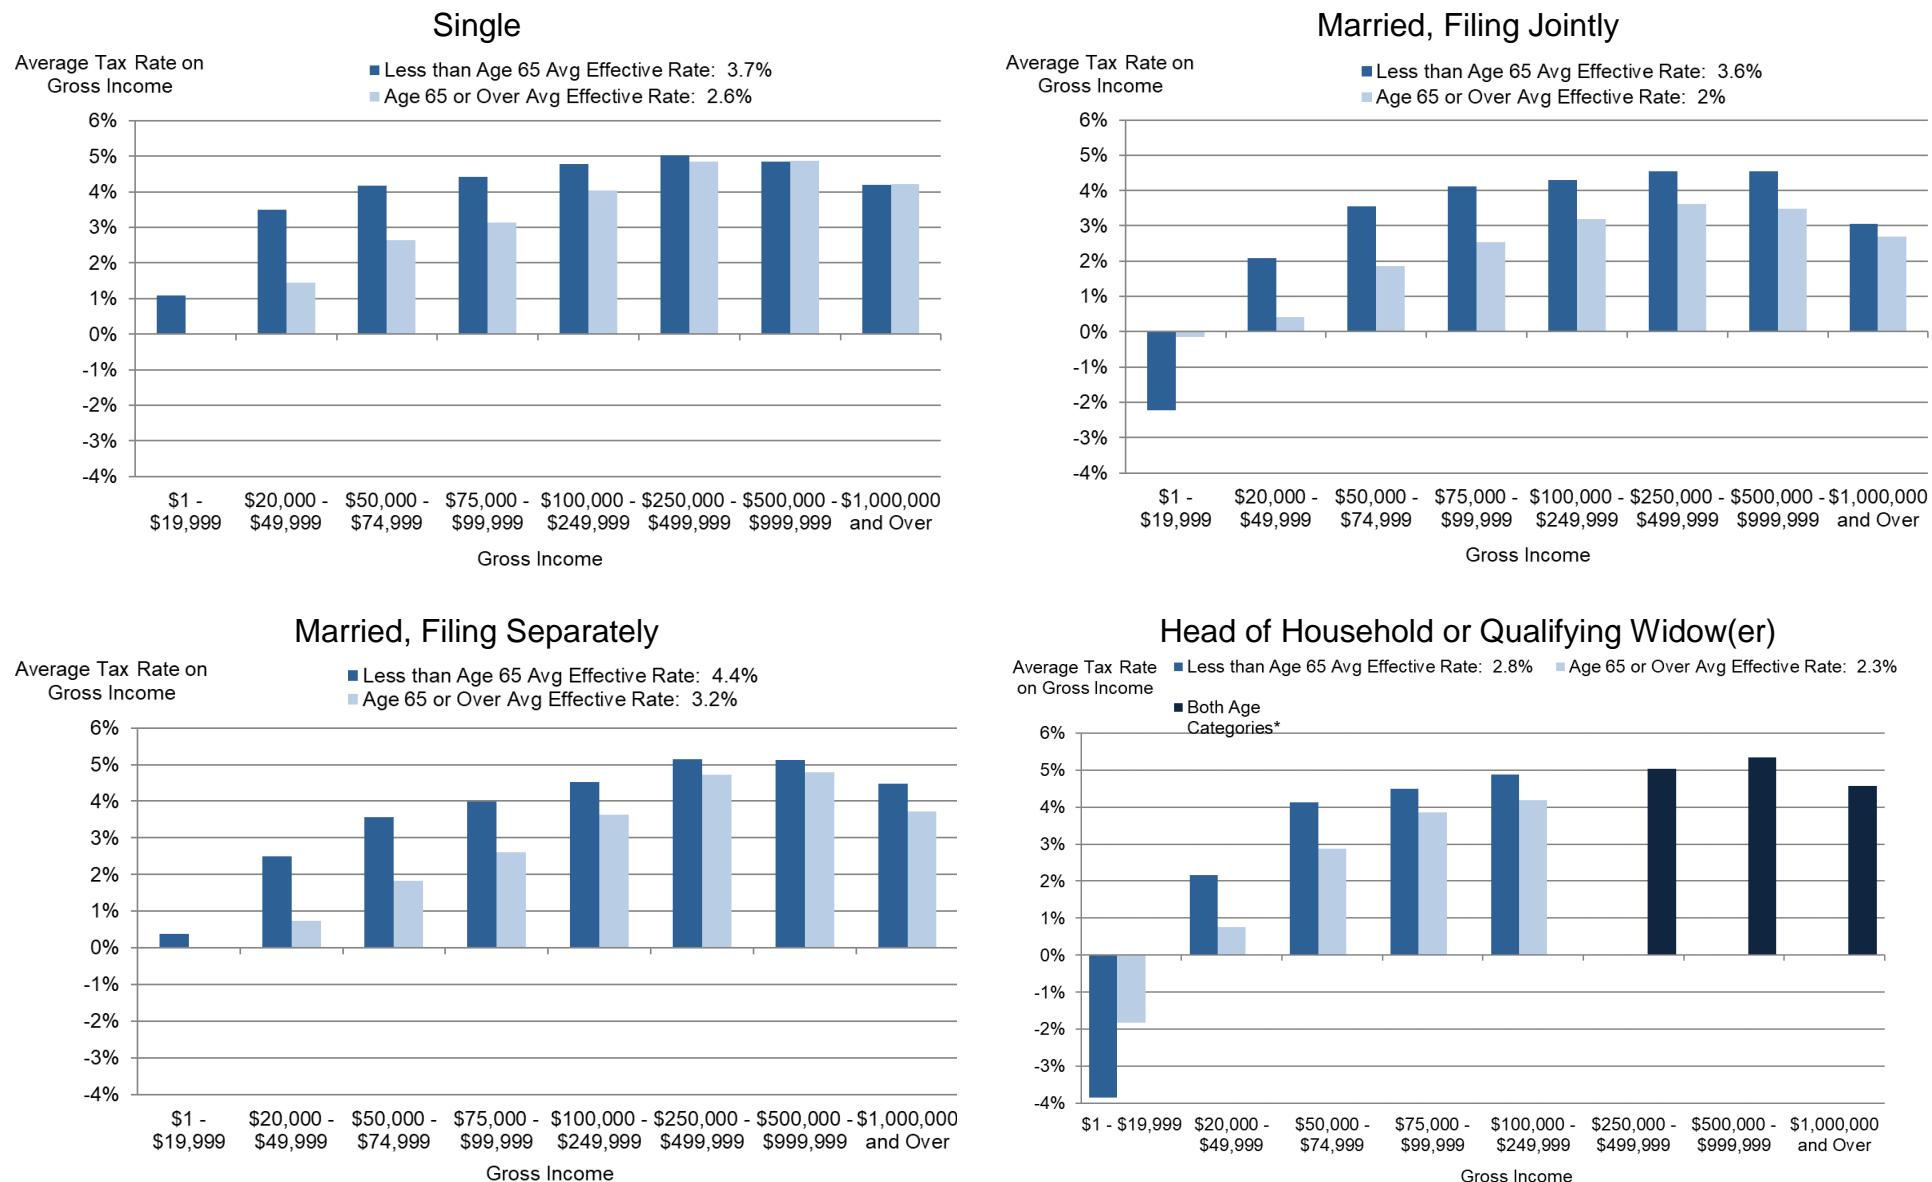

In addition to tax burden based on AGI, an average effective tax rate can be calculated with tax liability expressed as a percentage of gross income. Although gross income is perhaps the best measure available from the tax return of ability to pay, certain provisions lead to different average effective tax rates for different groups of taxpayers. Among such provisions are Iowa's statutory marginal tax rates, which are higher for taxpayers with greater taxable incomes and thus, in general, lead to higher average effective tax rates for taxpayers with greater levels of gross income. Federal deductibility reduces the effective tax rate for nearly all taxpayers, but has a larger impact on Iowa taxpayers who face relatively higher federal tax liability such as single, elderly, and high-income taxpayers. Provisions such as the Earned Income Tax Credit (EITC), a refundable tax credit for low-income earners, generate further differences in average effective tax rates at different levels of gross income. In addition, average effective tax rates vary across filing statuses, owing to differences in standard deductions by filing status and to the option of separate filing by married couples. Lastly, because Iowa excludes all Social Security income and certain other pension income from gross income, average effective tax rates are lower for taxpayers aged 65 or over across virtually all filing statuses.

To account for these important differences, Figure 4 presents average effective tax rates by gross income level and age group for the various filing statuses which may be used by Iowa taxpayers. The figure excludes taxpayers with negative gross income. Across all income groups, filing statuses, and income levels, the average effective tax rate in 2018 was 3.7 percent. For the reasons broadly outlined above, average effective tax rates vary considerably across income groups within each age category and filing status. The average effective tax rate is, in fact, negative for the lowest-income groups among married taxpayers filing jointly and taxpayers filing as a head of household or qualifying widow(er). This is primarily an effect of the EITC, which particularly targets low-income earners with dependent children.

Although average effective tax rates partly reflect graduated rates and other progressive elements of the Iowa individual income tax, taxpayers with the highest levels of gross income in 2018 did not experience the highest average effective rates. Figure 4 shows that the distribution of average effective rates by gross income is somewhat bell-shaped across all filing statuses. For all filing statuses under age 65, except married filing jointly, taxpayers in the two gross income brackets of \$250,000 to \$499,999 and \$500,000 to \$1 million experienced the highest average effective tax rates of 5 percent to 5.3 percent. Married taxpayers filing jointly in those income groups had a top rate of 4.6 percent. Overall, the next highest effective tax rate among taxpayers in the under age 65 group occurred in the income range between \$100,000 and \$249,000, with an average effective tax rate at about 4.5 percent. Similar patterns of effective tax rates were seen in the age group of over 65, with an average rate of 2.8 percent over all filing statuses, and the highest rates occurring in the two brackets of \$250,000 to \$499,999 and \$500,000 to \$1 million at 4.5 percent.

Among all taxpayers below age 65, those with gross income greater than \$1 million had an average effective rate higher than that of taxpayers with gross income between \$50,000 and \$74,999 for all filing statuses except for married taxpayers filing jointly and for single taxpayers. In the former group, the rate was 3.1 percent for the top income range, and 3.6 percent for income between \$50,000 and \$74,999. Among single taxpayers, the rate for the two income brackets was the same at 4.2 percent. For the over 65 age group, the over \$1 million category over all filing statuses had a higher effective tax rate at than for taxpayers with gross income between \$50,000 and \$74,999.

**Figure 4. Tax Year 2018 Iowa Individual Income Tax Average Effective Rates by Filing Status for Resident Filers**

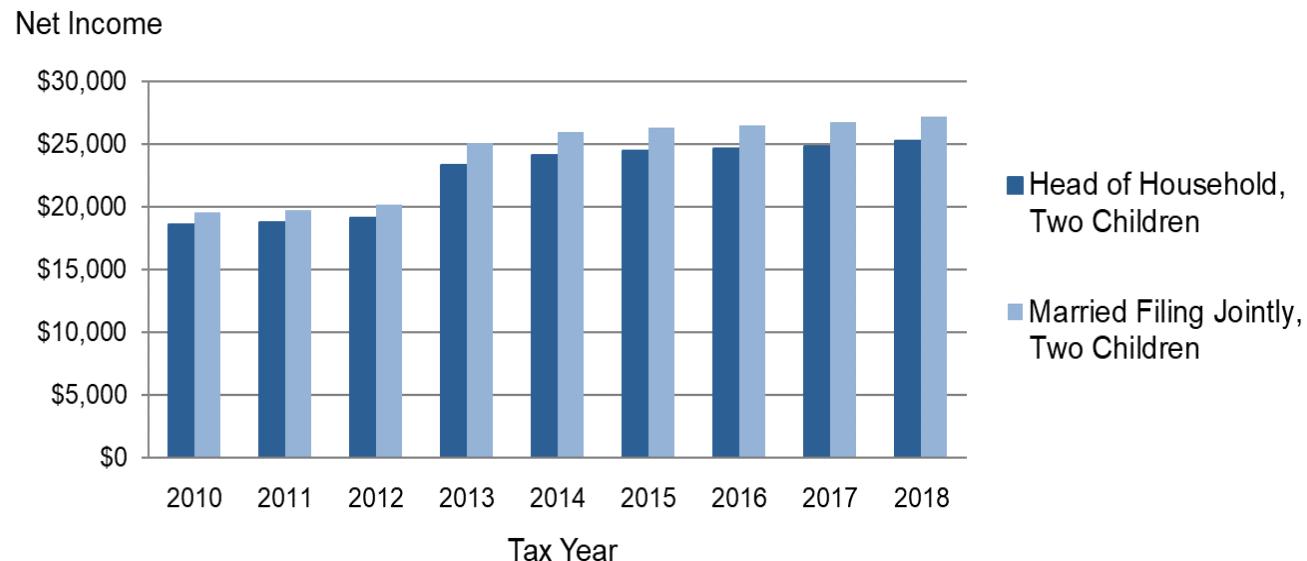

\* Age groups are combined for categories with small numbers of filers.

## LOW-INCOME TAXPAYERS AND THE IOWA INDIVIDUAL INCOME TAX

More information concerning the impact of the Iowa individual income tax on low-income taxpayers is provided in Figures 5 and 6. The income levels in Figure 5 represent the threshold at which a household with two children, headed by a married couple filing jointly or a single head of household, incurred its first dollar of Iowa income tax liability in each tax year between 2010 and 2018. Threshold calculations for each tax year incorporate Iowa individual income tax rates and brackets, standard deduction amounts, personal and dependent exemption credits, and the Iowa Earned Income Tax Credit. Households with income at the threshold are estimated to face no federal tax liability and any federal EITC refunds are exempt from inclusion as taxable federal refunds. Because tax rates and exemption credit amounts do not typically change from year to year, the threshold usually increases only as a result of annual indexation of brackets and standard deductions, with the Iowa EITC calculated as a percentage of the federal EITC. Between tax years 2012 and 2013, however, the Iowa EITC percentage increased from seven to 14 percent of the federal EITC. This increase accounts for the marked rise in the threshold levels in 2013. In tax year 2014, the EITC percentage increased again, by one percentage point to 15 percent.

In tax years 2010 through 2012, the net income level below which a household with two children owed no Iowa income tax was between \$18,500 and \$19,100 for single taxpayers filing as head of household, and between \$19,500 and \$20,100 for married taxpayers. In 2013, the thresholds increased to \$23,319 and \$25,055 respectively, representing an increase of 22 percent and 24.5 percent over the previous year. From then on, the increases have been less dramatic, settling at a five year average increase of 1.6 percent.

**Figure 5. Net Income at which First Dollar of Iowa Individual Income Tax is Collected, Tax Years 2010 through 2018**

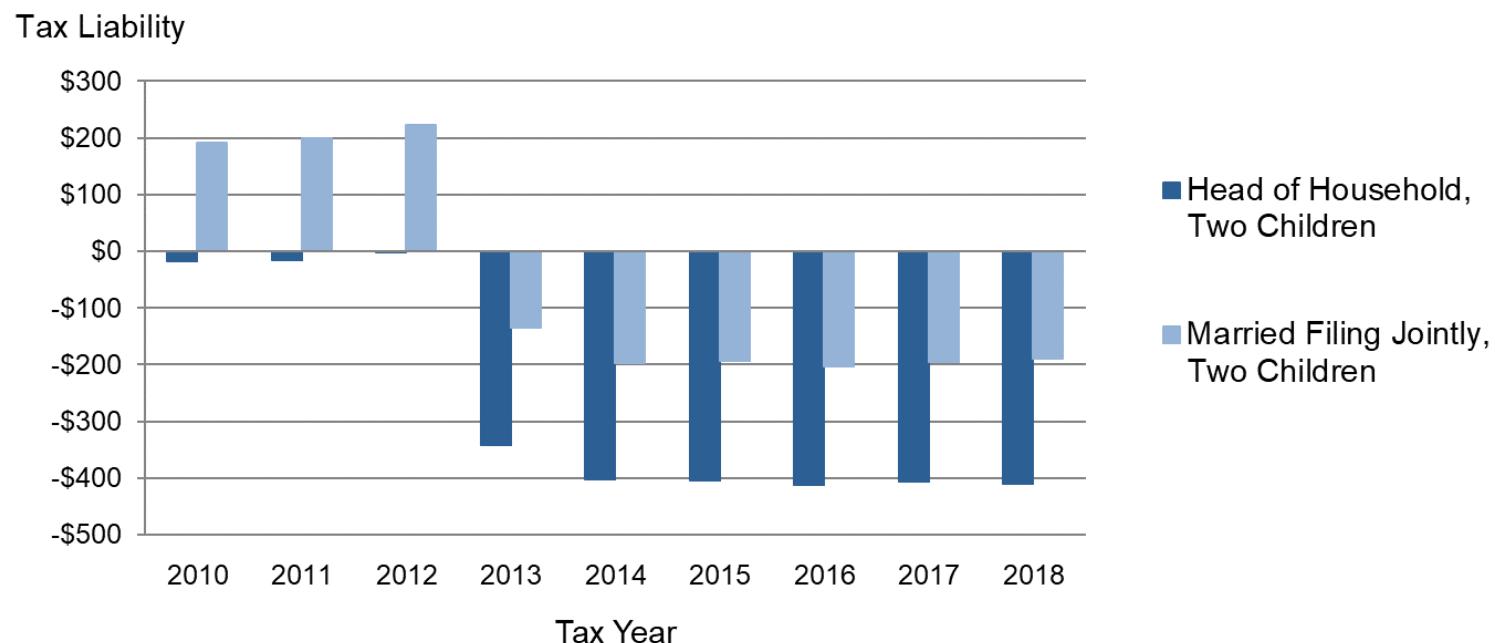

Note: Figure reflects assumptions specified for taxpayers filing married jointly or head of household with two children.

Figure 6 also presents data for tax years 2010 through 2018. The figure shows estimated Iowa individual income tax liability for households whose net income was equivalent to the poverty threshold under guidelines computed by the U.S. Department of Health and Human Services (HHS). These thresholds are adjusted annually and vary by family size. Figure 6 provides tax liability estimates for both a household of three, headed by a single parent filing as a head of household, and a household of four, headed by a married couple filing jointly. These estimates are based on Iowa individual income tax rates and brackets, standard deduction amounts, personal and dependent exemption credits, and the Iowa Earned Income Tax Credit.

For all nine years shown in the figure, Iowa income tax liability for a household of three whose net income was at the poverty threshold was negative. Given the assumptions underlying these estimates, this is a result of the EITC, which is refundable. Beginning with tax year 2013, Iowa income tax liability for a household of four was likewise negative. The marked decrease in Iowa income tax liability for both types of households in tax year 2013 and the large but much less dramatic decrease in 2014 reflect the changes in the Iowa EITC described above. In 2018, the poverty threshold for a household of three was \$20,780; given the assumptions used for this analysis, such a household had an Iowa income tax liability of -\$410. A household of four with net income at the poverty threshold in 2018, or \$25,100, would have Iowa income tax liability of -\$189.

**Figure 6. Estimated Iowa Income Tax Liability at Poverty Threshold, Tax Years 2010 through 2018**

Note: Figure reflects assumptions specified for taxpayers filing married jointly or head of household with two children.

## HISTORICAL TRENDS IN FILINGS, INCOME, AND TAX LIABILITY

Table 4 provides the number of tax returns filed, adjusted gross income (AGI), net taxable income, and tax liability since tax year 2011. It provides separate panels for all taxpayers and for Iowa-resident taxpayers only. According to the table, annual changes in the number of taxpayers have been modest. After several years of increases of one percent or more, the number of taxpayers has essentially held steady since 2015.

In general, increases or decreases in income have led to similar changes in net taxable income and tax liability. Modifications to Iowa tax law can also affect growth in income and in tax liability over time. Federal tax law, too, has an effect on State tax liability, because taxpayers are allowed to deduct their net federal income tax payments from Iowa taxable income on their Iowa returns. This is especially true for tax year 2018 when changes to federal income tax law led to an aggregate net decrease in federal tax liability for Iowa taxpayers and, in turn, an increase in state tax liability.

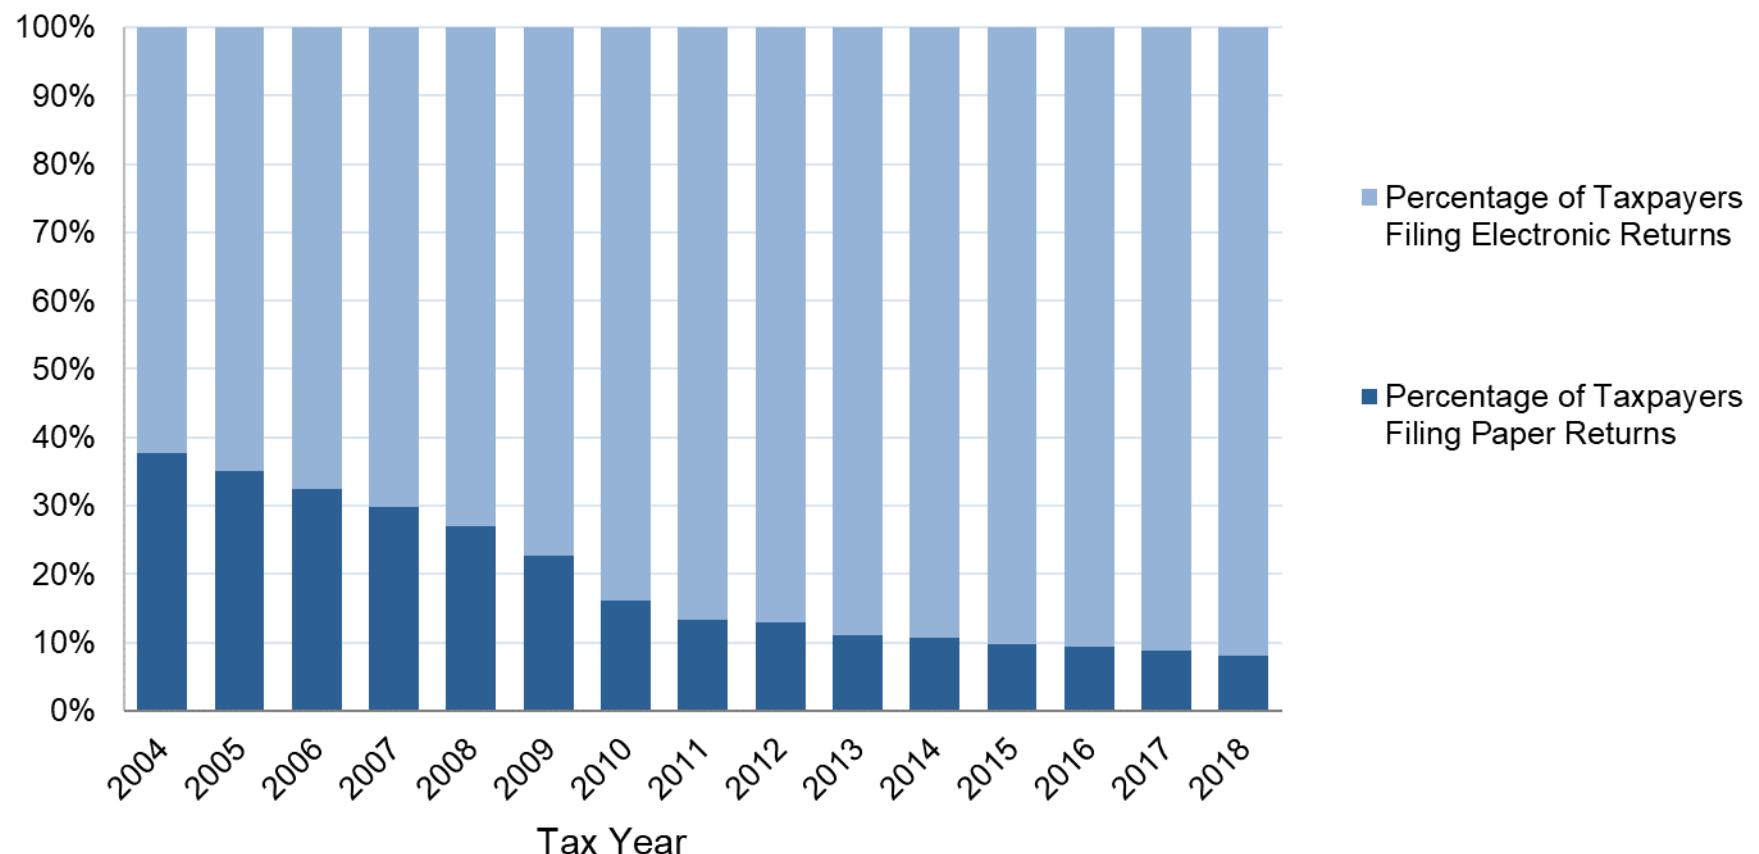

Between 2017 and 2018, aggregate AGI and taxable income for all taxpayers increased, with taxable income increasing at more than double the rate of the prior year's increase among Iowa-resident taxpayers only. In both cases (all taxpayers and Iowa-resident taxpayers) the rate of increase in tax liability was the highest since 2012, with more than double the rate of increase compared to 2017 over 2016. For all taxpayers, tax liability increased 11.3 percent in 2018, compared to 4.1 percent increase the prior year; for Iowa resident taxpayers tax liability increased 10.5 percent, compared to a 4.9 percent increase the previous year. The latter is largely due to a sharp decrease in federal and state deductions of nearly 15 percent from 2017 to 2018. The previous year saw a 13.6 percent increase in deductions over 2016, far ahead of the 5 percent increase in tax liability for Iowa resident taxpayers. It appears that Iowa taxpayers shifted some deductions from 2018 into 2017 and some income from 2017 to 2018 in order to take advantage of federal tax law changes.

**Table 4. Historical Iowa Individual Income Tax Statistics**

Tax Year	Number of Returns (Millions)		Adjusted Gross Income (\$ Billions)		Net Taxable Income (\$ Billions)		Tax Liability (\$ Billions)	
	Sum	Annual Percentage Change	Sum	Annual Percentage Change	Sum	Annual Percentage Change	Sum	Annual Percentage Change

Figure 7 provides historical data concerning the share of tax returns filed as paper or electronic returns. The figure concerns both resident and nonresident filers. Since 2004, the percentage of returns filed on paper has decreased from 38 percent to just over 8 percent. Based on a recent analysis by the Iowa Department of Revenue, the average cost of processing each paper return was ten times greater than the cost of processing each electronic return.

**Figure 7. Percentage of Tax Returns by Form of Return, by Tax Year**

## EXPLANATION OF TERMS

### Filing Status

A category used to determine the taxpayer's filing requirements, standard deduction amount, eligibility for certain credits and deductions, and tax liability. Iowa allows taxpayers to file as single or married using one of the following statuses:

#### Single

- Single
- Head of household
- Qualifying widow(er)

#### Married

- Married, filing jointly
- Married, filing separately on a single return
- Married, filing separately on separate returns

### Personal Credits

From Step 3 on IA 1040

### Dependent Credits

From Step 3 on IA 1040

### Adjusted Gross Income (AGI)

From line 26 IA 1040

### Federal Tax Deduction

The difference between line 34 IA 1040 and line 29 IA 1040

### Itemized or Standard Deduction

From line 37 IA 1040

### Net Taxable Income

From line 38 IA 1040

### Tuition and Textbook Tax Credit

From line 44 IA 1040

### Volunteer Firefighter/EMS

From line 45 IA 1040

### Personnel/Reserve Peace Officer Tax Credit

From line 50 IA 1040

### Out-of-State Tax Credit

From line 52 IA 1040. Includes: Iowa New Jobs Tax Credit, Iowa Alternative Minimum Tax Credit, S Corporation Apportionment Tax Credit, Franchise Tax Credit, Investment Tax Credit, Housing Investment Tax Credit, Workforce Housing Investment Tax Credit, Endow Iowa Tax Credit, School Tuition Organization Tax Credit, Wind Energy Production Tax Credit, Renewable Energy Tax Credit, Agricultural Assets Transfer Tax Credit, Charitable Conservation Contribution Tax Credit, Redevelopment Tax Credit, Innovation Fund Tax Credit, Geothermal Tax Credit, Solar Energy System Tax Credit, Farm to Food Donation Tax Credit, and Venture Capital - Fund of Funds Tax Credit.

Tax Liability	From line 53 IA 1040 less any refundable credits and the Taxpayers Trust Fund Tax Credit other than withholdings or estimate payments
Fuel Tax Credit	From line 59 IA 1040
Child and Dependent Care Tax Credit	From line 60 IA 1040
Early Childhood Development Tax Credit	From line 60 IA 1040
Earned Income Tax Credit	From line 61 IA 1040
Other Refundable Tax Credits	From line 62 IA 1040. These credits include: the Research Activities Credit, the Claim of Right Tax Credit, the Historic Preservation Tax Credit, the E85 Gasoline Promotion Tax Credit, the E15 Plus Gasoline Promotion Tax Credit, the Biodiesel Blended Fuel Tax Credit, the Ethanol Promotion Tax Credit, the Adoption Tax Credit, the Renewable Chemical Production Tax Credit, and the Venture Capital Tax Credit – Qualifying Business.
Pay Returns	Returns with tax liability greater than zero
No-Pay Returns	Returns with tax liability less than or equal to zero
Refundable Tax Credit	A refundable tax credit provides a net payment, or refund, to the taxpayer in the event the tax credit amount exceeds tax liability.
Nonrefundable Tax Credit	A nonrefundable tax credit offsets tax liability; however, any credit amount greater than tax liability is not paid to the claimant and remains unused. For many nonrefundable tax credits, the unused tax credit amount may be carried forward to subsequent tax years.

Note: It is possible for a taxpayer to report negative adjusted gross income or zero taxable income yet incur tax liability. This can occur when a taxpayer reports large federal refunds or faces lump sum or Iowa alternative minimum tax liabilities. Conversely, a taxpayer may report high income yet owe no tax. This can happen when a taxpayer reports large federal tax deductions, itemized deductions, or tax credits. Among nonresidents who report high adjusted gross incomes, but little Iowa-source income, it is common for nonresident credits to largely offset or eliminate Iowa tax liability.

## **INDIVIDUAL INCOME TAX ABATEMENT**

The Director of the Department of Revenue is provided the statutory authority to "abate any unpaid portion of assessed tax, interest or penalties which the Director determines is erroneous, illegal or excessive" (Section 421.60 (2) (i) Code of Iowa, 2019). Abatements apply to those cases in which the initial protest occurs after the 60 day appeal period has expired and in which the taxpayer produced records substantiating the taxpayer's claim to reduced tax liability. The following table summarizes the individual income tax abatements allowed in calendar year 2019.

### **INDIVIDUAL INCOME TAX ABATEMENTS JANUARY 1, 2019 THROUGH DECEMBER 31, 2019**

<b>Number of Returns</b>	<b>Tax</b>	<b>Penalty (Includes Fees)</b>	<b>Interest</b>	<b>Total Amount</b>
5,023	\$21,495,517.14	\$2,076,976.42	\$5,099,853.84	\$28,672,347.40
