TAX COMPLIANCE AND REVENUE COLLECTION

Collections

There are two self-funding programs within the Department. First, the Department’s Tax Gap program examines and audits tax returns and determines fraudulent and erroneous refund requests. The program identifies non-filers to put them in compliance with their tax liabilities and strives to identify and collect all taxes owed to the state and prevent the payment of erroneous refunds. Second, the Department’s Central Collections Unit (CCU) collects delinquent tax debt and non-tax debt. The CCU provides collection services to the following State agencies: Department of Human Services (DHS) Child Support Recovery Unit, DHS Health & Wellness Premiums, DHS Medicaid Provider Overpayments, Department of Natural Resources, Iowa College Aid, Iowa Insurance Division, and Iowa Judicial Branch.

In fiscal year 2022, the Department’s compliance and collections efforts resulted in \$277.3 million in revenues, slightly down from \$280.4 million in fiscal year 2021.

Figure 1: Total Collections, Fiscal Years 2018-2022

Note: Total Collections include tax payments resulting from billings, non-tax collections, and reductions in refunds resulting from return examination, with bad checks subtracted.

Electronic Filing – Business Taxes

The Department continues to expand and encourage electronic filing of tax returns and tax payments for business taxes, including withholding taxes remitted by employers on behalf of employees and sales taxes remitted by retailers on behalf of consumers.

In fiscal year 2022, 96 percent of withholding tax returns (over 425,000) and 91 percent of sales and use tax returns (over 460,000) were filed using the Department’s eFile & Pay and GovConnectIowa systems. These business filers paid over 96 percent of funds owed to the State electronically, resulting in lower administrative costs and faster deposits.

Figure 2: Withholding Quarterly Returns by Filing Method, Fiscal Year 2022

Figure 3: Sales and Use Quarterly Returns by Filing Method, Fiscal Year 2022

Note: In reports prior to FY18, sales tax annual filers were not included in this calculation of returns filed by filing method. The FY18 report included sales tax annual filers in this calculation. For FY22, the number of annual returns is 111,240.

TAX COMPLIANCE AND REVENUE COLLECTION

Electronic Filing – Income Taxes

The Department encourages individuals, corporations, estates and trusts, and entities obligated to file informational returns to file those returns electronically.

The income tax type with the largest number of returns processed each year is individual income tax. The share of individual income tax returns filed electronically grew to 0.06 percent (1.567 million returns) in calendar year 2022 for tax year 2021 returns.

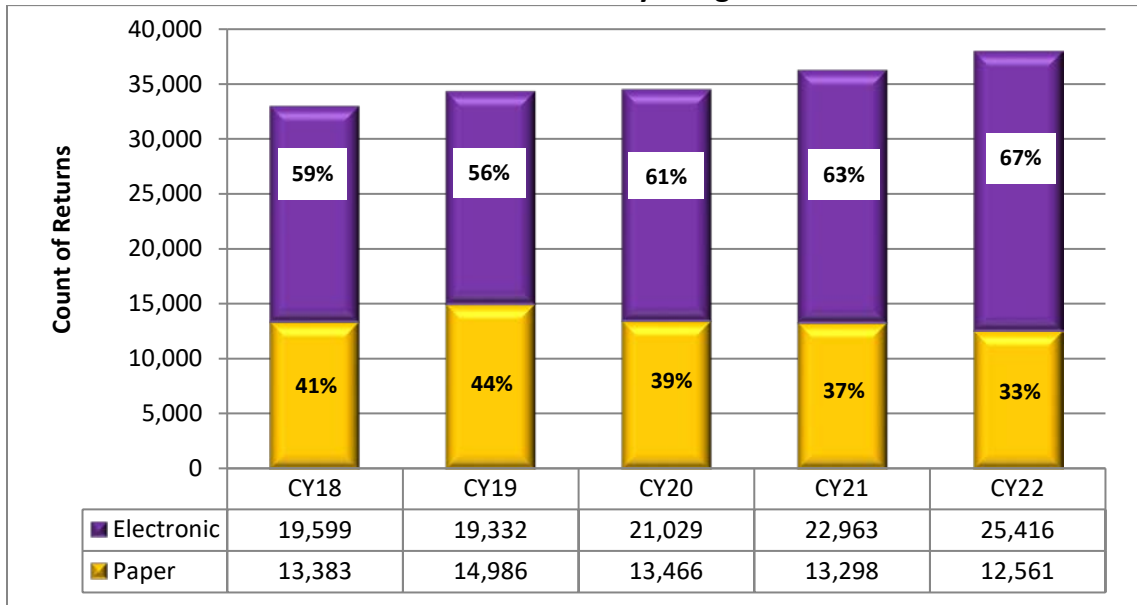

**Figure 4: Individual Income Tax Returns
Count and Distribution by Filing Method**

Note: Includes only current tax year returns filed from January through October of the noted processing year.

In the last three fiscal years, over 50 percent of the corporations filing returns have made use of the electronic filing method. Electronic filing for pass-through entities (i.e. partnerships, limited liability companies, and S corporations) continues to increase each year. In 2015, the Department added fiduciary tax, filed by estates and trusts, as an eligible tax type for electronic filing. In calendar year 2022, 22,380 fiduciary returns were filed electronically.

TAX COMPLIANCE AND REVENUE COLLECTION

Average Cost to Process Individual Income Tax Returns

The Department encourages electronic filing because it reduces administrative costs. For fiscal year 2022, the estimated average cost of receiving and capturing data from a paper return was \$4.21 compared to only \$0.34 for an electronic return. The Department processed 123,726 paper individual income tax returns in fiscal year 2022 compared to 167,000 in fiscal year 2021. Counts include current year, prior year, and amended returns.

**Figure 7: Estimated Average Cost to Process Individual Income Tax Returns
Paper versus Electronic**

Note: Costs incorporate expenses paid to the Office of the Chief Information Officer (OCIO) to prepare Department databases and other technology systems for the filing season along with the Iowa Department of Revenue (IDR) direct costs.

PROPERTY ASSESSMENT APPEAL BOARD

The State of Iowa Property Assessment Appeal Board (PAAB) is a State board created for the purpose of establishing a consistent, fair, and equitable property assessment appeal process. PAAB conducts administrative hearings with the statutory authority to review any final decision, finding, ruling, determination, or order of a local board of review relating to protests of an assessment, valuation, or application of an equalization order. The number of appeals received is typically higher in odd calendar years due to the property tax reassessment cycle.

Figure 8: Property Tax Appeals Received

Note: Beginning in 2016, PAAB changed its method for docketing appeals to consolidate appeals of multiple associated parcels into one docket number. The result is that the number of PAAB cases would facially appear to have declined, although the number of parcels appealed may stay relatively similar. For a more detailed Report of PAAB's appeals, please visit: <https://paab.iowa.gov/about-us>

PAAB consists of three members appointed to staggered six-year terms by the Governor and subject to confirmation by the Senate. The Governor appoints one of the members as chairperson to a two-year term, subject to confirmation by the Senate. Two members of the board shall be certified real property appraisers and one member shall be an attorney practicing in the area of state and local taxation or property tax appraisals.
