**Returns to File**

An Iowa fiduciary return (IA 1041) must be filed for estates, trusts, and other entities that are taxed as trusts for federal income tax purposes.

An Iowa Composite Return (IA PTE-C) must be filed if the estate or trust has any nonresident beneficiaries.

Additionally, an Iowa individual income tax return (IA 1040) must be filed for the following:

- The decedent, if the income during the tax period ending with the date of death meets the Iowa resident or nonresident filing requirements. This return must be prepared with the same method of accounting last used by the decedent.
- Wards in guardianships or conservatorships.
- Resident and nonresident beneficiaries of estates or trusts, if the minimum filing requirements are met.

For more information, see Iowa Administrative Code rule 701—700.4.

**Required Documents to File with the IA 1041 Iowa Fiduciary Return**

- All pages of the IA 1041, including schedules, and all completed IA 1041 K-1s.
- A copy of the federal form 1041 return, including all schedules and K-1s for each beneficiary.
- A copy of the decedent's will must accompany the initial fiduciary return if the Department has not previously received a copy for inheritance tax purposes.
- A copy of inter vivos trust instruments must be filed with the initial return for the trust.
- If the will has been filed in Iowa probate proceedings, then this instrument is not required to be filed with the initial return of testamentary trusts.
- If the probate inventory has not been filed in Iowa probate proceedings at the time the initial fiduciary return is filed, a statement should accompany the return advising when the inventory will be filed.
- A probate inventory for a foreign estate should be filed with the return if an ancillary administration has not been opened in Iowa.
- A copy of the Iowa Composite Credits Schedule, IA Schedule CC, if a composite or PTET credit was claimed.

**Amended Return**

**Rounding off to Whole Dollars:** You can round off cents to whole dollars on your return and schedules. If you do round to whole dollars, you must round all amounts. To round, drop amounts under 50 cents and increase amounts from 50 to 99 cents to the next dollar. For example, \$1.39 becomes \$1 and \$2.50 becomes \$3. If you have to add two or more amounts to figure the amount to enter on a line, include cents when adding the amounts and round off only the total.

**Preparer PTIN**

Enter the preparer's Preparer Tax Identification Number (PTIN). If the preparer does not have a PTIN, enter the preparer's Social Security Number (SSN) or Federal Employer Identification Number (FEIN).

**When to File**

The return with payment is due within four calendar months after the end of the tax year. A fiduciary return must be filed for every accounting period in which there is taxable income of \$600 or more and for the final accounting period regardless of income. The accounting period used must be the same period that was adopted for federal income tax purposes.

For Example: A trust administrator chooses a calendar year end, for a trust, for federal income tax purposes, meaning the year-end of the trust accounting period is December 31st. The tax return for the trust is due the last day of the fourth month after the end of the tax year, April 30th.

All income from the probate property owned by the decedent must be reported until the property is sold or distributed, or disposition of the property is made. Income derived from probate property should also be reported if the income is deposited in an estate bank account and expenses relating to the probate property are paid from estate funds and controlled by the fiduciary. The income derived from non-probate property must be reported on the beneficiaries' individual income tax return.

For tax years ending on or after December 31, 2023, Iowa fiduciary income taxpayers are required to file their annual returns electronically if the taxpayer meets any of the following conditions for the tax year:

- The taxpayer has at least \$250,000 in gross receipts. Gross receipts means gross receipts or sales from all business operations conducted within and without Iowa without any adjustment for returns and allowances, and also includes receipts from all interest, dividends, rents, and royalties; income from ordinary and capital gains; and the distributive share of income received by the taxpayer from a partnership, S corporation, estate, or trust.

- The taxpayer is required to issue at least 10 schedules K-1 to its beneficiaries for the tax year.

All fiduciaries are encouraged to file electronically. If a fiduciary return is subject to the electronic filing requirement, but it is filed in another manner, it is not considered a valid return unless the Department provides an exception to the electronic filing requirement.

**Refund Claims and Federal Tax Changes**

Claims for refund must be made within a certain period of time. The Department has additional time to make a determination of the correct tax following a federal amended return or federal audit, and that additional time is unlimited if the taxpayer does not provide sufficient notice of the federal changes to the Department. For more information regarding refund claims and federal tax changes, see the instructions to the IA 102 Amended Return Schedule.

**State Pass-Through Representative**

If the estate or trust desires to appoint someone other than the fiduciary as the state pass-through representative for purposes of Iowa Code section 422.25B, a statement should be included with the return indicating who is appointed as state pass-through representative as well as their contact information.

**Distributions**

The election is an affirmative act and failure to indicate whether or not the election is made will be construed as an

election by the fiduciary not to recognize any gain or loss on the distribution.

The election applies to all distributions made during the taxable year.

**Return Instructions**

The following instructions are for completing the Iowa fiduciary return. Detailed instructions are provided for lines requiring special attention.

**Conformity with Internal Revenue Code**

Iowa generally conforms with federal tax changes, to the extent they affect Iowa income taxes, for tax years beginning on or after January 1, 2020, but certain Iowa nonconformity adjustments may be necessary. Modifications to federal taxable income are reported on Schedule A.

**Return Information****Tax Period**

The IA 1041 applies to a single tax year of no more than twelve months. Unless indicated on the form, the IA 1041 is assumed to apply to the calendar year indicated at the top of the form. If the return is for a fiscal year, enter the beginning and ending dates.

**Return Type**

Check the appropriate boxes to indicate whether this is an initial, final, amended, or short period return. Indicate if you are making a section 645 election. You may need to check more than one box. Note: If a tax certificate of acquittance is requested the final return box must be checked and the face of the return must indicate that a tax certificate of acquittance is requested.

**Tax Certificate of Acquittance**

The following minimum requirements must be met in order to be eligible to receive an income tax certificate of acquittance:

- The "Final Return" box must be marked.
- The box must be marked "Yes" for the Tax Certificate of Acquittance request. If the "No" box is checked, you must refile the return with "Yes" marked in order to correct the error and to be eligible to receive a Tax Certificate of Acquittance.
- Iowa taxable income, on IA 1041, line 25 must be zero.

The Tax Certificate of Acquittance will be mailed to the fiduciary reported on the return. A carbon copy will be mailed to the Power of Attorney, if one is reported. A Tax Certificate of Acquittance will not be mailed to a Designee reported under the 'Designation for Tax Disclosure' section.

The Department will not issue a Tax Certificate of Acquittance for a grantor trust under any circumstances.

Furthermore, on a final return for an estate the appropriate box must be checked to indicate whether or not an Iowa Inheritance Tax Return, IA 706, will be filed.

**Residency and Trust Situs**

For estates and testamentary trusts: Indicate the decedent’s residence at time of death. For inter vivos trusts: If the trust is created by court order or makes an accounting to the court, indicate the situs based on the court having jurisdiction over the trust.

If the trust is a grantor trust, indicate the grantor’s or owner’s residence. If the trust, other than a grantor trust, is not required to make an accounting to and is not subject to control of a court, its situs depends on the relevant facts of the case including:

- The residence of the trustees
- The location of the principal office where the trust is administered
- The location of the evidence of intangible assets of the trust

For more information about determining the situs of a trust, see Iowa Administrative Code rule 701—700.3.

**Composite Return Requirement**

For tax years beginning on or after January 1, 2022, trusts and estates with nonresident beneficiaries are required to complete and file an IA PTE-C and pay composite tax on behalf of their nonresident beneficiaries. Answer questions 1-4 on the IA 1041, page 2 to determine if you have a composite return requirement. If you answer “Yes” to any of questions 1-4, the estate or trust has a nonresident beneficiary and must file an IA PTE-C. If you answer “No” to all of questions 1-4, you are not required to file an IA PTE-C. See the IA PTE-C for more information about the Iowa composite return requirement.

If you answer “Yes” to question 5, you may claim your composite credit against any fiduciary income tax owed on the IA 1041, or against any composite tax owed on your IA PTE-C if you are required to file an IA PTE-C. **Line 26: Tax from rate schedule.**

**Taxable Income**

2024 INCOME TAX BRACKETS		2024 TAX RATES	
Over	But not over		Of excess over
\$0	\$6,210	\$0 plus 4.4%	\$0
\$6,210	\$31,050	\$273.24 plus 4.82%	\$6,210
\$31,050		\$1,470.53 plus 5.7%	\$31,050

**Example on how to compute tax:** The taxable income is \$24,000.

The calculation = \$273.24 + [4.82% x (\$24,000 - \$6,210)].

The result = \$857.48 + \$273.24 = \$1130.72.

**Line 28: Iowa Lump-Sum Tax.**

If federal form 4972 was used to compute federal tax on all or part of a lump-sum distribution, enter 25% of the separate federal tax imposed. A copy of federal form 4972 must be included.

See Schedule E instructions.

**Lines 33 and 35: Nonresident Tax Credit or Out-of-State Tax Credit.**

Iowa estates and trusts that have income from non-Iowa sources must report this income to Iowa for taxation. If income tax has been paid on the non-Iowa income to another jurisdiction, a credit for the tax paid will be allowed and computed on the IA 130FID. The IA 130FID is a new form for tax years beginning on or after January 1, 2024 which is used to calculate the amount of Out-of-State tax credit. Nonresident estates and trusts are not eligible for the Out-of-State tax credit. Estates and trusts with income from an electing small business trust (ESBT) see instructions below.

**Line 37: Other Nonrefundable Credits.**

The IA 148 Tax Credits Schedule must be included.

If the ordinary income is fully distributed, the credit cannot be claimed on the fiduciary return. Instead, the beneficiaries are entitled to claim their pro rata share of the credit on their individual income tax returns. The fiduciary must provide each beneficiary with an IA 4136 Motor Fuel Tax Credit form and a supplemental schedule showing the distribution of credit among the beneficiaries, allowing the beneficiary to claim the credit.

If you want to have your refund issued to you as a paper check, enter the refund amount on line 46c and leave lines 46d, 46e, and 46f blank. The check will be issued to the address listed on your return. If you would like your refund directly deposited proceed to lines 46d, 46e, and 46f.
