About the Iowa S Corporation Apportionment Tax Credit

Shareholders of S corporations who are Iowa resident individuals, or who are estates/trusts with a situs in Iowa, may be eligible for an S Corporation Apportionment Tax Credit if the S corporation carries on business within and without Iowa.

In order to complete this form, you will need your IA Schedule K-1 received from your S corporation, your 2024 IA 1040 or IA 1041, and your 2024 federal 1040 or 1041. If you are a part-year resident, you will also need your 2024 IA 126.

If an eligible shareholder claims the S Corporation Apportionment Tax Credit, and then does not claim the S Corporation Apportionment Tax Credit in the following tax year, the shareholder cannot claim an S Corporation Apportionment Tax Credit for three tax years immediately following the tax year in which the shareholder declined to claim the tax credit unless the Director of the Iowa Department of Revenue consents to the election.

Example: A resident individual shareholder of an S Corporation claims the S Corporation Apportionment Tax Credit in tax year 2023. They do not claim the S Corporation Apportionment Tax Credit in tax year 2024. As a result, they cannot claim the S Corporation Apportionment Tax Credit with respect to that S Corporation's income in tax years 2025, 2026, or 2027 unless the Director of the Iowa Department of Revenue consents to the election.

If a taxpayer claims the S Corporation Apportionment Tax Credit, the taxpayer may not claim an Iowa Out-of-State Tax Credit (IA 130) for income taxes paid by the taxpayer or the S Corporation to another jurisdiction on the S corporation income.

For married taxpayers filing separately, each spouse must calculate a separate credit on a separate IA 134.

If a taxpayer is a shareholder in multiple S corporations, a separate IA 134 must be completed for each S corporation.

Each S Corporation Apportionment Tax Credit must be reported on a separate line of Part I on the 2024 IA 148 Tax Credits Schedule. Include the S corporation name in column M and the FEIN in column N of Part IV on the IA 148.
