# Vapor Products Directory

The Iowa Vapor Products Directory (Directory) is established by the Iowa Department of Revenue pursuant to Iowa Code section 453A.52. ***Products not included in the directory may not be sold or offered for sale in Iowa.***

For each vapor product to be included in the Directory, the vapor products manufacturer must certify, under penalty of perjury, that it agrees to comply with the provisions of Iowa Code section 453A.52, pay the application fee, and agree that it meets one of the following:

- (1) The manufacturer has received a marketing authorization or similar order for the vapor product from the United States Food and Drug Administration (FDA) pursuant to 21 U.S.C. § 387j; or
- (2) The vapor product was:
  - (a) Marketed in the United States as of August 8, 2016;
  - (b) The subject of a premarket tobacco product application submitted by the vapor product's manufacturer to the FDA pursuant to 21 U.S.C. § 387j on or before September 9, 2020; and
  - (c) The premarket tobacco product application remains under review by the FDA or a final decision on the application has not yet taken effect.

**FDA Review Status:** For purposes of the Directory, products in Category (1) are listed as “authorized” in the FDA Review Status column; products in Category (2) are listed as “pending.

NOTE: The Directory is based on the criteria in chapter 453A of the Iowa Code and information provided by the vapor products manufacturer in its certification(s) to the Department. Inclusion in the Directory is ***not*** a determination by the Department that a listed vapor product satisfies any other legal requirement for sale, including those authorized or imposed by the United States government. A manufacturer, distributor, wholesaler, retailer, or any other party may still be subject to enforcement action if an included vapor product, or if the sale, consumption, or possession of such product, violates any other provision of law.
